

Ep 4

Mon, 4/26 9:35PM 15:42

SUMMARY KEYWORDS

dog, walk, neighborhood, add, flour, cake, baking, business, cookie crumble, oreos, neighbor, kam, mixing, rainbow, sugar, mug cakes, whisk, butter, super, flava

SPEAKERS

Kendall, Ava Hurley, KAMcastKIDS, Samara Hurley

-
- K** KAMcastKIDS 00:01
Welcome to KAMcastKIDS, your podcast for kids by kids. Our hosts and guests bring fun inspiration and motivation as kid and teen preneurs work together with The KAM Project. The KAM Project is the take action nonprofit organization to inspire influence and impact kids and teens worldwide. Our KAMcastKIDS host is an 11 year old how to baker social media influencer and CEO of Whisk it with flAVA. She interviews youth facilitates interactive activities and shares tips creative ideas and advice in developing businesses. Now introducing co founder of The KAM Project Miss Ava Hurley
- A** Ava Hurley 00:45
Hello everyone. It's Ava from Whisk it with flAVA with my friend,
- K** Kendall 00:50
Kendall.
- A** Ava Hurley 00:53
We're on with another KAM Project podcast. And this one is going to be super fun because Kendall owns a dog walking business.

K Kendall 01:03
Yep.

A Ava Hurley 01:03
We're going to talk about your dog walking business today. And what you do you have partners Am I correct?

K Kendall 01:11
Yes, they're my neighbors.

A Ava Hurley 01:13
That's super fun. Do you walk dogs just around the neighborhood? Or do you go out of the neighborhood?

K Kendall 01:19
Well, mainly, we just stay inside the neighborhood because we're not really allowed to go out in the neighborhood.

A Ava Hurley 01:25
Do you guys make money from the dog walking business?

K Kendall 01:28
Yes, we do. But we donate all the money to local animal shelters.

A Ava Hurley 01:34
Awesome. That was my next question. But you just answered it. Do you have any favorite dogs that you want?

K Kendall 01:39
Yes, I have a favorite.

A Ava Hurley 01:43
What's the dog's name?

K Kendall 01:45
So the dog's name is Cali. She's my neighbor's dog, who's like my co workers, their dog. She's super adorable. And I love her so so much.

A Ava Hurley 01:57
The first big question about your business is what inspired you to reach for your dream.

K Kendall 02:03
I've always loved dogs. And I've always really wanted to help them like in animal shelters. And so I mainly wanted to help dogs in our neighborhood are close to us. So I decided to start a business so I could help some of our neighbors who like maybe are too old to Walker, they can't walk their dog. So I really wanted to be able to help them and their dogs and be able to spend time with dogs.

A Ava Hurley 02:33
That's awesome, because I love all animals except for scary animals that hurt you. And it's super awesome that there's people that are helping out with the owners who can't take care of their animals to help walk them around and stuff.

K KAMcastKIDS 02:50
Get ready for the commercial break. Don't forget to visit the cam project.org and apply for a spot on cam calves kids. Be sure to follow the cam project on Facebook, Instagram and our YouTube channel.

A Ava Hurley 03:10
What is your daily life with your business? Like do you dog walk every single day after school on weekends

K Kendall 03:18

I walk the dogs on Wednesdays and weekends because we have some activities after school. And we walk them for a while around the neighborhood. And we usually have like 30 minute walk so they take not too much time. So I still have time for like homework.

A Ava Hurley 03:40
How many dogs? Do you walk at a time?

K Kendall 03:42
Well, we don't walk multiple dogs at a time. Because we have many people. So we walk one dog for a scheduled time. And then like we go to another dog after that dog.

A Ava Hurley 03:56
That's a good idea. Because I would never be able to keep track of all the dogs, I'd probably lose some on the route.

K Kendall 04:03
Yeah,

A Ava Hurley 04:03
what is the hardest part of your business?

K Kendall 04:06
Well, sometimes we get into small arguments like with each other. And it's kind of hard to like keep track sometimes of like, Oh, we walk this dog. They said they can't all this time. So sometimes it's kind of hard to keep track and there can be a few arguments.

A Ava Hurley 04:24
Do you make flyers?

K Kendall 04:25
Yes, we did. So to advertise for our business. We made flyers and put them around the

neighborhood. And that's how we started getting customers.

A Ava Hurley 04:36
What are you most proud of about your business?

K Kendall 04:39
I'm really proud of the way it's grown. And I'm really proud that we can take care of dogs and I'm just proud of it in general

A Ava Hurley 04:49
Do you have to pick up their doodoo

K Kendall 04:53
Yep, my neighbor, my neighbor she does it because she says she likes picking up the poop, so she picks up the poop.

A Ava Hurley 05:03
I would never even

K Kendall 05:05
I know

A Ava Hurley 05:05
if we got a dog? I'd be like, I'll take it for walks. I'll feed it. I'll have fun with it. You just pick up the bill. Okay. Yeah. What advice would you give to people wanting to start businesses?

K Kendall 05:16
For starters, I would give them advice to plan it good. Not just be like, Oh, yeah, we'll walk dogs. Oh, I walk this dog and then be like, Wait, did I walk this dog last time or this dog? So plan carefully, and just like keep dreaming? And soon it could be a reality?

A Ava Hurley 05:38
That's an awesome answer. Are you looking to expand your business and save up?

K Kendall 05:43
Yes, I really do. Because I love taking care of dogs and walking more dogs. It would just be so amazing. And to be able to help a lot of other people who maybe can't walk their dogs. I'd love to help people do that.

A Ava Hurley 05:58
Do you have a dream car?

K Kendall 05:59
Yes, I do. It's a white Jeep. I just like cars are so pretty. And then the Jeep really,

A Ava Hurley 06:05
They get dirty really fast. But they're all white cars are so pretty.

K Kendall 06:09
I know.

A Ava Hurley 06:10
I just don't like that they get dirty. Really? Do you have any hobbies? Except for dog walking?

K Kendall 06:16
Yes, I do. I really like like free swimming. And I also like playing like on the trampoline, or, or games or hide and see I like games or you're like running around and stuff. I also really like playing soccer.

A Ava Hurley 06:33
I used to play soccer. And I like board games and hide and seek and all that stuff, too.

- K** Kendall 06:39
I also really love riding my bike around the neighborhood and just playing with my neighbors like we play in different parts of the neighborhood. We explore different worlds in the neighborhood. And I just love playing basically almost anything
- A** Ava Hurley 06:57
I do to as long as it's not every single power in the world and I can defeat anyone.
- K** Kendall 07:04
Yeah, I also really really loves baking.
- A** Ava Hurley 07:07
What kind of desserts Do you bake?
- K** Kendall 07:09
Well, this morning, I made some cinnamon muffins, blueberry muffins and chocolate chip muffins. And one time I made these rainbow cupcakes where they're different like colors. I really like cupcakes and cake. I really like cookies.
- A** Ava Hurley 07:26
Me too. I've never made cookies with Whisk it with flAVA. But I have made many many many, many, many, many cakes. I made cupcakes.
- K** Kendall 07:36
Yeah, I really like. So sometimes like I just make things in the morning. My mom kind of gets mad at me for it. I like making a ton of things. I like just mixing, mixing, mixing. I just like baking and that's why I do it so much.
- A** Ava Hurley 07:53
I'm always too lazy to do a lot of things in the morning.

- K** Kendall 07:57
I'm not I just wake up and I really want to like make a cake, but I don't do that. I make mug cakes
- A** Ava Hurley 08:04
Do you like make potions like I used to make in the shower with shampoo and body wash and
- K** Kendall 08:11
yes, yes, yes, I do. I do and
- A** Ava Hurley 08:14
then we got rid of that cup so I couldn't make anything anymore. And I was super sad.
- K** Kendall 08:19
I know sometimes I just put some in my hand.
- A** Ava Hurley 08:22
Sometimes I pretended slime bodywash I just take it and then I play with it until it turns into more liquid.
- K** Kendall 08:30
Yeah, and then also sometimes like outside, we'd make like this potion stuff with like water and flowers and dirt.
- A** Ava Hurley 08:41
I have the volleyball sand beach volleyball court in my backyard. So I make like mud in it from the pool. I like take the bucket, fill it up with the water in my pool and then dump it in the sand and make mud.
- K** Kendall 08:56

I just like mixing things that's why I want to be like some sort of like chemist or Baker when I grow up

A Ava Hurley 09:03
scientists.

K Kendall 09:05
Yep.

A Ava Hurley 09:06
Because baking takes precision and it takes a lot of exact measurements. But then cooking takes like just ingredients and you can make your own thing but with baking you have to be very precise. Here you don't get the recipe wrong and your own thing don't switch like don't switch up the ingredients because with my right Baltimore rainbow cake that happened with the butter and it wasn't good.

K Kendall 09:33
Yeah like sometimes like if you miss like baking powder, your cake will be awful or if you miss like if you add a little less, I don't know like sugar or something it can throw off the taste so I just like mixing things and going like

A Ava Hurley 09:52
with my cream cheese butter cream. I always change something up. Maybe I add a little more salt, maybe I add some less powder sugar, or I just add a lot of vanilla. I always add a lot of vanilla. extra vanilla, you need extra vanilla extract or else it will be like have no taste. I add an extra vanilla extract to everything that wants extra vanilla extract. Oh, I was very um, tongue twister. It was like extra vanilla extract to every single extra vanilla extract recipe for extra vanilla extract.

K Kendall 10:24
Some things I like to make like I like to make mug cakes a lot through so good.

Ava Hurley 10:29

I've never made mug cakes, but I've mug cakes. But I've seen this thing where you take Oreos and milk and mash it up, then put it in the microwave and bam. It's a cake. I don't think that works.

Kendall 10:41

That does not work. So at one time I tried to make Oreo crepes using guests with no recipe just flour, sugar, and crushed Oreos. And then I couldn't flip it. So it turned out to be scrambled Oreos, and they were so disgusting. They tasted like Oreos with like flour in them. Look, they're gross.

Ava Hurley 11:07

Well, you have to add liquid.

Kendall 11:08

Well I use I just used a it's pouring some flour, pouring some sugar and pour in some milk. Add the Oreos cook. Oh no can't flip it too bad or scramble

Ava Hurley 11:18

for a second one says grumble I'm like you added eggs. I know I did.

Kendall 11:23

I like instead of making like a crepe type of thing. It just broke some of that. And then I just was like, yeah, I'll just make some scrambled crepes.

Ava Hurley 11:32

It reminds me of the time when my mom tried to make cookies, but it turned into a cookie crumble. And we just put on top of everything. Our waffles or pancakes with ice cream. And we had a giant bag of cookie crumble for like three weeks. Maybe a month for everything to crumble. She's laughing right and she's trying not to be so loud. Five didn't work. For me. It was really it was good though. It was just a bunch of cookie crumbs. I think she forgot to add liquid.

S Samara Hurley 12:12
How about last week when I pulled out the flour instead of the powders.

A Ava Hurley 12:17
She thought the powdered sugar was flour and I added the flour into our old powder sugar that I was adding in the canisters and then I took it the end of the bag and I pour it in. And then I'm like, oh, we're out. And then she grabbed me the flour canister instead of the sugar canister. And I poured it in. And then we had to throw all of that sugar, sugar and flour away because sugar and flour were mixed in a bowl 540 grams of it. That's a lot of sugar and flour.

K Kendall 12:46
What's one thing that you've like completely messed up with in your baking,

A Ava Hurley 12:51
I know by messing with the Baltimore rainbow cake with the butter. Because the each layer has to have you do each layer separately, because each layer has to have the same amount of eggs, flour, sugar, food dyes, that kind of stuff because there's rainbow cake, red, orange, yellow, green, blue, purple, pink, which is a lot of layers, and which takes a lot of eggs, a lot of sugar, a lot of flour, etc. And each recipe cost for a half a cup of butter melted and cooled for the first one I did cooled for the second one. I didn't even melt it. For the third one. It was burning hot for the fourth one probably still not melted. And for the fifth one, like it goes on until the end of the rainbow.

K Kendall 13:41
What did it Turn into then.

S Samara Hurley 13:44
And you're like, Oh, I didn't put the putter in at all.

A Ava Hurley 13:47
Oh, and then. And then for green, I just forgotten butter. And then we were done. I'm like why is there an extra butter on the table? I like green came out of the oven and we're like,

Ooh, this one looks not so good. Let's try it because we're probably not going to use and then we tasted and tasted disgusting. Butter turned out terrible. But luckily, we were able to make new layers and it took like five days or thing because we're minors. Well, I have Whisk it with flAVA things. But because you're a minor, we can't we can't share your info and stuff. So do you have a YouTube channel?

K

Kendall 14:27

Yes. And it's not like a real big YouTube channel. We have three subscribers or something went wrong with the name. So the name's Kevin Davis.

A

Ava Hurley 14:36

What's it supposed to be

K

Kendall 14:38

the dog pros. So something went wrong with the name so

A

Ava Hurley 14:42

Oh, my thank you so much everyone for listening in on the cam project podcast. And I hope you join in on the next one.

K

Kendall 14:56

Bye Bye.

K

KAMcastKIDS 14:58

Thanks for listening. Has your kid monetize or thought about raising funds based on a passion hobby or skill? Maybe they've set up a lemonade stand, sold baked goods started a podcast, create gifted art, teach kids crafts on social media, graphic design or engineer concepts. We would love to consider them as potential guests on KAMcastKIDS also accepting applications for parents, educators, mentors, entrepreneurs, mental health specialists and youth advisor on the KAMcast hosted by Ava's mom Samara Hurley. Visit TheKAMProject.org to apply for a spot on KAMcastKIDS Remember to follow us on Facebook, Instagram and our YouTube channel.
