**PRESS RELEASE**

Throughout 2020, the women and men of the Warren County Sheriff's Office provided superior services to the citizens we proudly serve. *Together* with an engaged community, we have faced the challenges of the COVID-19 pandemic, and more to become stronger.

We pledge to make our County the safest place to live, work, play, and retire. In the past year, we have made great strides towards revising and upgrading our policies and procedures to lead us towards achieving accreditation in the year 2021. The Office has modernized many new systems to include upgrading our 911 Communications Center, records management and training systems. Through the creation of the Citizen Advisory Council and the Community Policing Unit, we have engaged and partnered with our diverse community stakeholders to identify priorities that the residents, youth, businesses and schools need.

Building trust also requires holding ourselves accountable through internal and independent audits, inspectional services, and continually reviewing our efficiency and effectiveness across all divisions of the Sheriff's Office we ensure this. To illustrate this, we will be releasing an Annual Report that will show our commitment to transparency and accountability within your Sheriff's Office, while providing important information to our communities. As your Sheriff, I will provide you with an overview of our lines of business, which are accomplished through community engagement, operational efficiency, and an innovative agency that values a shared mission.

The following is our first report card, providing crime and response statistics, which will be expanded upon and updated monthly. We also look forward to updating and enhancing our webpage soon. *Together* – WE can achieve more and look forward to working closely with our public safety partners and community in 2021.

Respectfully,

Mark A. Butler, Sheriff
