

UMBRA

Vice President of Finance

Umbra Lab, Inc. (“Umbra”) is a technology company which builds next-generation space systems. Umbra is launching an unrivaled constellation of space-based radar satellites with synthetic aperture radar (SAR) capabilities, to produce all weather day-night imagery with sub-meter resolution for low cost distribution via an integrated web platform. We are a bold, experienced team of developers, engineers, product specialists, and other professionals working to aggressively expand the state-of-the-art for commercial remote sensing.

We are looking for a Vice President of Finance to support rapid growth in company size, complexity of operations and compliance requirements. The ideal candidate will have a strong command of accounting, corporate finance, financial management and related technology. The Vice President of Finance will collaborate with all company departments and will report to the Chief Executive Officer (CEO).

Key Responsibilities

- Manage all accounting and finance functions of the company
- Anticipate, define and lead efforts to build infrastructure and strengthen accounting and financial management practices
- Advise the CEO and executive team colleagues to ensure sound strategic financial decision-making, accounting and financial management procedures, financial controls and compliance
- Build and lead a strong team including employees and external resources to accomplish routine and specialized tasks and projects

Basic Qualifications

- BA or BS in business, economics, accounting or similar field
- Ten or more years of leadership experience overseeing accounting, financial management and corporate finance at a high-tech and/or venture-funded company undergoing rapid growth
- Knowledge of accounting procedures, financial controls and Generally Accepted Accounting Principles (GAAP)
- Track record of building, strengthening and mentoring teams for results
- Flexible, positive attitude and willingness to be both a senior team leader and an individual contributor with direct responsibility for critical tasks
- Experience with accounting and financial management software and systems
- Comfortable working in a dynamic and fast-paced development environment

Desired Qualifications

- Professional certifications relevant to accounting and financial management (CPA, CMA, etc.) and/or advanced degree such as MBA
- Aerospace or high-tech sector experience
- Government accounting experience including knowledge of Federal Acquisition Regulations (FAR, DFAR)
- Experience in a public accounting firm (“big” or mid-tier)
- Familiarity with Research & Development (R&D) activities and tax treatment of R&D expenditures

Benefits

- Flexible Vacation / Paid Time Off
- Medical, Dental, Vision, 401(k)
- Stock Options

Location

- Santa Barbara, CA

UMBRA

Additional Requirements

In compliance with federal law, all persons hired will be required to verify identity and eligibility to work in the United States and to complete the required employment eligibility verification form upon hire. All persons hired will be required to be a U.S. citizen, a lawful permanent resident of the U.S., or protected individual as defined by 8 U.S.C. 1324b(a)(3), or eligible to obtain the required authorizations from the U.S. Department of State. Umbra is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.
