The remaining portion of Road L will be resurfaced with 1.5" of 823 surface course to Road 14 which is

## Road Z Relocation & Resurfacing

approximately 1,865'. Road Z is 16' wide from Road 15 for approximately 465'. Road Z will be widened from 16' to 18' for approximately 3,235'. Road L is 18' wide and is 1,865' long. See "Road Z Relocation Plans" for details and specifications for project.

### AWARD OF PROJECT

The bid will be tabled at the formal opening; award of the project will be made at the time designated by the Board of County Commissioners following a review to verify compliance with all bid requirements.

### PROJECT COMPLETION DATE

All work shall be completed on or before October 15, 2019. For each calendar day that any work shall remain uncompleted after the stated completion date the appropriate sum, in accordance with the schedule of liquidated damages per Section 108.07 of the Standard Specifications of the State of Ohio Department of Transportation, will be deducted from any monies due the CONTRACTOR, not as a penalty but as liquidated damages; provided however that due account shall be taken of any adjustment of the completion date granted by the Board of County Commissioners of Henry County.

Once a roadway is closed for commencement of the PROJECT, the CONTRACTOR shall proceed without undue delay to complete the PROJECT in a timely manner and avoid prolonged interruption of traffic. Delays in the work following an initial start which are not attributable to weather or seasonal conditions shall be considered days beyond completion and the CONTRACTOR will have deducted from any monies due him according to the schedule of liquidated damages per Section 108.07 of the Standard Specifications of the State of Ohio Department of Transportation.

A work day will be counted as lost if the CONTRACTOR'S efficiency is reduced more than fifty (50%) percent on the critical items under construction at that time. Weekends and holidays will not be counted as lost work days.

### GUARANTEE

The CONTRACTOR shall guarantee for a period of one (1) year from the date of completion of the proposed work that it is free from all defects due to faulty materials or workmanship. The CONTRACTOR shall promptly make corrections as may be necessary by reason of such defects. The Engineer will give notice of observed defects with reasonable promptness. In the event that the CONTRACTOR should fail to make repairs, adjustments or other work which may be made necessary by such defects, the Engineer may do so and charge the CONTRACTOR the cost thereby incurred.

### PREPARATION OF PROPOSAL

The blank spaces in the proposal must be filled in correctly, where indicated, and written in ink.

The quantities in the "Approximate Unit Quantities" column are those given in the Engineer's approximate estimate and are those which will be used in determining the total amount of each proposal for this improvement and for the purpose of determining the lowest bidder. It is understood that these quantities are approximate only. The bidder must give a unit price for each item listed. Failure to do so will render the bid informal at the discretion of the Henry County Board of Commissioners.
