**RNA Holdings LLC dba Mobile Medsoft Helix Pharmacy Systems Software Awarded
PrescribersConnection's Long Term Care 10.6P Certification**

DALLAS, Texas – **RNA Holdings, LLC, dba Mobile MedSoft** has announced the successful completion of the PrescribersConnection Long Term Care 10.6P Certification process.

This integration enables RNA Helix Pharmacy System customers the ability to interface to any of the leading Electronic Medical Records (EMR) systems that have successfully completed certification with PrescribersConnection in the NCPDP 10.6 messaging format. Pharmacy service providers using the Helix Pharmacy System can now rapidly deploy complex Healthcare technology integrations for any organization, resulting in increased operational efficiency, accurate medication administration, enhanced patient care, and improved workflow at both the Pharmacy and the Health care facility.

This latest integration is another milestone for RNA/Mobile MedSoft, adding to its 40-year history of developing leading edge Healthcare solutions for various Healthcare organizations. Commenting on the successful conclusion of the process Duke Yetter, CEO of RNA Holdings, stated: "This certification demonstrates our commitment to delivering the most comprehensive suite of products in both stand-alone and mobile platforms. It reinforces our mission to offer our growing client base access to cutting-edge emerging technologies as they become available.

"By using this interface methodology, pharmacy providers can achieve significant cost savings while maximizing the bi-directional capability in a NCPDP 10.6 compliant format."

About RNA Holdings LLC dba Mobile MedSoft

Mobile MedSoft, a subsidiary of RNA Holdings LLC is a global leader in the provision of IT solutions for Pharmacies and Healthcare Providers.
