1. Advisory Business

Successful Portfolios LLC (SP) is an independent Registered Investment Advisor that opened for business in February 2010. Parker Evans, CFA, CFP, CMT is the Chief Executive Officer. Parker owns 95% of SP shares. Joseph Baer, APMA owns 5%.

SP services include financial planning and portfolio management. SP manages client portfolios consisting of readily marketable stocks, bonds, options and ETFs (Exchange Traded Funds). SP formulates personalized advice and strategies designed to meet the unique needs of each client. In this regard, SP provides the award winning FinaMetrica Risk Tolerance Test and a personal Investment Policy Statement template on its website at successfulportfolios.com. Both tools are free of charge.

As of April 19, 2017, SP managed approximately \$147.14 million in client assets. Discretionary managed assets were approximately 85% of total managed assets.

2. Fees and Compensation

SP's standard compensation schedule is presented in the table below. Please be aware that you might also incur brokerage commissions and custodial account fees as described later in this brochure under the "Brokerage Practices" section.

Assets Under Management	Annualized Compensation
First \$1,000,000	1.25%
Next \$1,000,000	.95%
Next \$1,000,000	.80%
Next \$1,000,000	.70%
Next \$1,000,000	.60%
Over \$5,000,000	.50%

SP assesses fees in arrears, prorated on a monthly or daily basis depending on the custodial broker chosen by the client. Advisor compensation is negotiable depending on account size, strategy, and complexity. Client fee calculation examples are shown below.

Example #1

Client and client's family have three brokerage accounts managed by SP that when combined had an average value of \$2,000,000 during the month. The monthly fee calculation is as follows:

$(\$1,000,000 \times 0.0125) \div 12 \text{ months} = \$1,041.67 \text{ monthly fee}$

$(\$1,000,000 \times 0.0095) \div 12 \text{ months} = \$791.67 \text{ monthly fee}$

Total fee for the month would be $\$1,041.67 + \$791.67 = \$1,833.34$

Example #2

Client has two accounts managed by SP worth \$500,000 in total. Annualized fees are assessed daily rather than monthly. The daily fee calculation is as follows:

$(\$500,000 \text{ daily account value} \times 0.0125) \div 256 \text{ business days} = \24.41 daily fee

As an alternative to SP's standard compensation schedule, qualified investors as defined by the SEC, see <http://1.usa.gov/1LH6krd>, may negotiate a performance-fee compensation arrangement based on a set percentage of the clients' quarterly mark-to-market account profit. SP would then receive no compensation unless the client shows a profit in his account.

3. Performance-Based Fees and Side-By-Side Management

SP does not favor clients with performance-fee accounts over clients with standard-fee accounts. SP policy prohibits post-allocating client trades to performance-fee accounts. For accounts with similar investment objectives, trades made in performance-fee accounts are typically executed simultaneously with trades made in standard-fee accounts. For more information, see the "Block Trading Procedures" and "Code of Ethics..." sections later in this brochure.

4. Types of Clients

SP clients include individuals, trusts, charitable organizations, and other entities. SP has no set minimum account size. Account acceptance is subject to case-by-case review by SP.

5. Methods of Analysis, Investment Strategies, and Risk of Loss

SP investment process starts by listening to you. SP works hard to understand your risk/return objectives, unique circumstances, and preferences. We provide guidance and solutions based on a thorough understanding of your situation and goals.

SP investment recommendations and portfolio decisions are based on fundamental, technical, and quantitative considerations. SP supports its proprietary analysis with research and tools from Bloomberg Professional, Morningstar Office, Zacks Research Wizard, Amibroker, and other sources including leading brokerage firms.

SP seeks to build and manage portfolios that are consistent with (1) our client's willingness and ability to accept risk and (2) our client's rate of return objective. SP typically recommends clients hold a well-diversified portfolio of readily marketable stocks, bonds, options, and Exchange Traded Funds (ETFs). These types of securities are subject to multiple risk factors including market fluctuation. Securities investors should fully expect to incur periodic gains and losses. SP makes no guarantee of investment results.

6. Disciplinary Information

There are no legal or disciplinary events that are material to a client's or prospective client's evaluation of SP or the integrity of SP management.

7. Other Financial Industry Activities and Affiliations

Unlike many Registered Investment Advisor Firms, SP is not owned or controlled by any broker-dealer, bank, or insurance company. SP's only line of business is managing investment portfolios for our clients. We pride ourselves on providing you with an independent point of view.

SP is the investment manager of two private pooled investment vehicles, Evans Cook LLC (EC) and Barrett Evans Capital LLC (BEC). Parker Evans owns shares in both EC and BEC.

8. Code of Ethics, Participation, or Interest in Client Transactions and Personal Trading

All representatives and access persons of SP agree to comply with the CFA Institute Code of Ethics and Standards of Professional Conduct as a condition of employment. You may download the CFA Code and Standards at <http://www.cfapubs.org/toc/ccb/2014/2014/6>.

Subject to prohibitions on front-running client trades, SP allows its employees to buy and sell securities for their own accounts at any time. All personal trading by SP representatives is subject to continuous review and scrutiny by SP's Trade Review Committee, which includes H. Parker Evans, CFA Chief Compliance Officer of SP, Joseph C. Baer, APMA, and David L. Bennett, CFA. SP policy prohibits its representatives and access persons from engaging in any trading activity designed to gain an advantage at the expense of a client.

9. Brokerage Practices

When you open an account with SP, you will choose an independent brokerage firm that SP will use to execute your trades. This brokerage firm will also administer your account and provide custody of your assets. SP recommends brokerage firms based on:

- Company financial strength, stability, and security procedures
- Low transaction costs and account fees
- Speed and quality of trade execution including potential for price improvement
- Analysis of company financial statements, marketing materials, and disclosure documents
- Barron's Annual Ranking of the Best Online Brokers
- Actual experience with using the brokerage firm
- Breadth and quality of investment research services available from the brokerage firm
- Breadth and quality of market destinations and product offerings
- Breadth, quality, and transparency of order routing algorithms

Interactive Brokers (IB), Charles Schwab, Scottrade and TD Ameritrade have each approved SP to participate in their respective independent investment advisor programs. These programs allow qualifying independent advisors to manage brokerage accounts held by clients at these firms. For complete information regarding these brokerage programs, including commissions and costs, please refer to these links:

- Interactive Brokers: <http://bit.ly/hFYIsz>
- Charles Schwab: <http://bit.ly/1itmHJ2>
- Scottrade: <http://bit.ly/gBQHCa>
- TD Ameritrade: <http://bit.ly/eyJBLn>

Soft Dollar Arrangement

SP has a soft dollar research arrangement with IB. Under this arrangement, SP clients pay commissions to IB of up to \$.02 per share on U.S. equity and option transactions. As defined under the Securities Exchange Act of 1934, section 28(e), brokers can use a predetermined portion of client commission dollars to pay research-related costs for clients. IB pays research related expenses on the client's behalf directly to vendors who provide a range of services to SP including fundamental, technical, and quantitative research as well as portfolio analytics. SP manages all client portfolios with the help of IB soft dollar research services.

Fee Reimbursement

SP and Schwab have an agreement, subject to certain limitations, whereby Schwab will reimburse SP clients' costs associated with transferring an account to Schwab from another broker or custodian.

Block Trading Procedures

SP block trading procedures are designed to treat all clients equitably. When practical, trades are executed simultaneously for multiple client accounts. On such aggregated or block securities trades, each client involved receives the average executed price for the overall transaction.

10. Review of Client Accounts

SP uses a team approach to monitor and oversee client accounts. Our investment team meets regularly to discuss client portfolios and investment policy. Team members jointly review, analyze, and critique client portfolios. Members of the SP investment team include:

- Joseph C. Baer, APMA — Assistant Portfolio Manager
- David Bennett, CFA — Assistant Portfolio Manager
- H. Parker Evans, CFA, CFP, CMT — Portfolio Manager and Chief Investment Strategist

To monitor and manage client accounts, SP uses several analytic and trading tools including the IB Trader Workstation and Information System, the Scottrade Advisor Services website, TD Ameritrade Veo, the Charles Schwab Advisor Center, proprietary Excel workbooks as well as third-party portfolio management tools including Bloomberg Professional. SP reviews each client account at least once per year. On a day-to-day basis, the SP investment team monitors capital market conditions as well as all assets held in SP managed accounts.

SP recommends clients meet with us at least annually to review their account performance, investment policy, and current financial circumstances. SP encourages clients to maintain an ongoing dialogue with us regarding their portfolio and other financial circumstances. At all times, clients of SP retain continuous secure online access to their account directly through their brokerage firm. We invite you to call us any time with questions or concerns.

11. Client Referrals and Other Compensation

SP does not accept remuneration from broker-dealers or any other investment sponsor.

Although SP has not done so in the past, SP may enter into written solicitor's agreements with non-affiliated professionals such as CPAs and other investment advisors. Any compensation paid by SP to a non-affiliated solicitor for making a referral to SP will be fully disclosed to the client in writing at the time the client opens an account with SP. Any such compensation will be paid by SP to the solicitor and will not be paid from client accounts.

12. Custody of Client Assets

The client's brokerage firm will maintain custody of assets managed by SP. The brokerage firm will send statements directly to the client via email and/or regular mail. The brokerage will also prepare IRS tax reports such as 1099s and make them available online for download by the client. SP encourages clients to regularly review their accounts by logging in to their brokerage firm's website. From time to time, SP may also provide clients with supplemental account reports.

13. Investment Discretion

SP accepts discretionary as well as non-discretionary advisory accounts. In a discretionary account, the client permits SP to buy and sell securities for the client without need of consulting the client prior to placing a trade. In a non-discretionary account, SP must get client permission before placing a trade. Clients may set written guidelines regarding trading in an Investment Policy Statement (IPS). Clients choose discretionary or non-discretionary management when executing SP's Investment Advisory Agreement.

14. Voting of Client Securities

Clients of SP retain all right and duty to vote corporate proxy statements. Clients make corporate proxy arrangements directly through their brokerage firm. Clients may call SP at (727) 744-3614 for assistance in voting proxies.

15. Financial Information Regarding Successful Portfolios (SP)

SP has no financial condition reasonably likely to impair its ability to meet contractual commitments to its clients. SP and its representatives are not and have never been the subject of a bankruptcy proceeding.

16. Supplemental Biographical Information Regarding the Principals and Investment Advisor Representatives of Successful Portfolios LLC
