SOCIAL MEDIA MARKETING CAMPAIGN UPDATE

Our GoDaddy Social (www.mainstreethub.com) Campaign has been underway since mid-March. A Post schedule is planned out for each month for Facebook, Instagram, Twitter and Yelp. About 150 Professional Photos were taken at our Sunday Brunch on February 24th to create an image library. Each Post is strategically created by category (about our businesses, time and date sensitive, add flavor). Each Post is scheduled weekly for optimal impact. All Posts are tracked and all comments get replies.

If you have used Google Search or Maps, you probably have noticed the accurate display of Lynch Creek Farm, BreadWorks, Bakery and our Home. Likewise, considerable effort has been expended to improve our SEO (Search Engine Optimization) Scores for all website Pages and Posts. If you search for Nearby Meeting, Dining and Event Venues, Lynch Creek Farm will appear at, or near the top-of-the-list.

If you follow Lynch Creek Farm, Bakery at Lynch Creek Farm or the Ben Franklin Society on Facebook or Instagram, you have seen the Posts created by GoDaddy SOCIAL on our behalf. It is important to understand the power of the Graphic Images when coupled with a sentence or two of description. I have been impressed with the essence of what Lynch Creek Farm has to offer in this simple and clear fashion.

We have just begun to receive quantification of the distribution and responses that have resulted so far. I can attest that two leads became bookings for Private Cabin Events, and one lead is under consideration. I will continue to track the cost/benefit of this marketing initiative and report my findings to you.

You can help our marketing efforts. Use/share the four Links below.

PROJECT REPORTS

JUNE 2019

GRIST MILL INVENTORY PROJECT

Bob Radcliffe has re-activated this Ben Franklin Society (BFS) Project and is seeking Volunteers to help with Field Inventory and NC Archive Report Preparation and Filing

Preparatory work began in December 2018, with a visit to NCDCCR in Raleigh, to meet new Archaeology Site Registrar, Rosie Blewitt-Golsch. A Prototype Mill Site filing process has been developed that now enables us to proceed and finally accomplish the goals of this Project that Bob started in 2008.

We successfully completed our first Archaeological Site Filing on December 11TH, 2018. The **WHITAKER MILL on Lynch Creek** was assigned the **OSA-ID 31FK165**. Each Site is assigned a permanent Site-ID by the OSA Site Registrar.

As we complete and submit each Final Site Report, we will post redacted PDF versions on our BFS website.

We encourage you to download and review these Site Reports. Learn about the history of your Community.

Our Field Trips have netted missing GPS Coordinates and Photography, so that additional Site Reports could be finalized. Contact Bob Radcliffe to register for the Field Trip you want to attend. We will gather at the Lynch Creek Farm Cabin for a quick orientation before departing for 3-hours.

FIELD TRIP SCHEDULE

By Appointment until Fall
