## DISCUSSION GUIDE

MOVING WITH WISDOM  
LESSON 5

Today I want to talk to you about the power of wisdom. The Bible tells us to buy wisdom (see Prov. 23:23): *"Get wisdom. And in all your getting, get understanding"* (Prov. 4:7).

Pray for wisdom now before you begin.

We will move quickly, so listen closely as we learn how to activate the dynamic power of wisdom we find referenced throughout the Bible.

**Wisdom starts where you finish.**

### **Read 2 Chronicles 1:7-12**

Why did Solomon ask for wisdom and knowledge?

- What did Solomon need to know and for what purpose?

Discuss the primary thing that differentiates two equally skilled people from one another?

Describe the various types of blessings that are attracted by wisdom.

- Of all the things wisdom offers—or brings you—which do you need most today?
- In what way can you begin to “exercise” wisdom in that particular area?

Take a few moments to discuss what we learn by the concept, “wisdom starts where you finish”—and how you can apply this principle to your daily life.
