

# WRJ Reproductive Justice Campaign

Social justice has been a key priority for WRJ throughout its 100+ years. One of the cornerstones of WRJ's mission is to strengthen the voice of women so they may "advocate for and promote progressive Jewish values." WRJ educates and mobilizes its members to pursue the crucial work of *tikkun olam*: repairing our world. Our voice has never been more important than it is now, at this moment in history.

**With your support** of the WRJ Social Justice Fund, WRJ will establish a dedicated campaign to engage Jewish women and Reform congregations in the fight to secure and maintain our reproductive rights. We will push back against state and federal efforts to restrict or nullify access to abortion and advocate for policies that restore health and dignity to women as moral agents of their own medical and health care needs. Through this work we will engage women around critical Reproductive Justice issues and train them to be strategic and effective advocates.
