The tongue is a very useful organ. Without it we could not speak. This valuable organ helps us in the selection of food and is generally an indispensable servant. But in wagging slyly or irresponsibly it is a sure breeder of trouble, both for the offender and the offended.

As a Master Mason we have already heard and learned about "the tongue of good report." That is the only tongue any true Master Mason should have. The author of Proverbs wrote long ago, "The tongue of the wise teacheth knowledge and understanding; but the mouth of the fools poureth out foolishness."

There is no end of harms that may be done by an ignorant or vicious tongue. Nor, by the token, can any limit be set to the good that "a tongue of good report" may bring about.

What Are You Doing to Help, Aid and Assist "Blue Lodge" Masonry?

Working under the authority of the Grand Lodge, your Symbolic Lodge or "Blue Lodge," you can play a major role in its success. It is one of the most important units in the structure of Ancient Scottish Masonry.

The Symbolic Lodge is where you, were actually made a Mason and took your first step in a Masonic journey.

It was in its Symbolic Lodge or "Blue Lodge," where you received the three most important degrees conferred in Freemasonry. The Entered Apprentice Mason's Degree, the Fellow Craft Mason's Degree and finally, the most important of all, the Scottish Degrees, the Sublime Degree of a Master Mason.

When you were unani mously accepted and became a member of your Symbolic Lodge, you then became associated with one of the most noble and altruistic fraternities for men throughout the world.

It is membership in your "Blue Lodge" that can provide the Mason with all the means to affiliate and enjoy membership in all other Masonic Bodies, Regalia or otherwise. If a Mason is not a member of Blue Lodge, he cannot be a Mason like it is, it should and must be the strongest and most active unit in our Ancient and Honorable Fraternity.

But, important as it is, and as vital to the well-being of the Craft, too many Masons have members have, in a way, forsaken their Symbolic Lodge, the very Lodge that accepted them and made them Masons.

How often do you attend your "Blue Lodge?" What have you done to advance the best interests and well-being of your, and several "Blue Lodges?" If you were on trial for being a Master Mason, would there be enough evidence to convict you?

When your Symbolic Lodge accepted you and conferred the three Degrees upon you, you were obligated to you fulfill certain responsibilities due Freemasonry in general and your Symbolic Lodge in particular.
