

ILLUMA-DRIVE CENSE DEALER / INSTALLER US PROGRAM

Are you ready to take advantage of the DC revolution?

Today's business owners and consumers are now actively engaging in new technologies that enhance their businesses and lifestyles. Energy savings, control and connectivity are common phrases that drive everyday life. CENSE by iLLUMA-Drive gives you a unique opportunity to enhance your customers' lighting experience and create new revenue streams for your business.

To become an authorized Dealer/Installer of the iLLUMA-Drive CENSE System, visit www.illumadrive.com/support/training, email training@illumadrive.com or call us at 1-855-617-8268

Training sessions are held online or in-class and cover a detailed overview of the system, how to sell and promote the system, a full installation guide, and more.

This program is open to electrical contractors as well as audio/video/security contractors.

- **Course Length:** Online (*about 2 hours*) or In-Class (*about 4 hours*)
- **Cost:** Access to online or in-class training is FREE. But to become a fully certified Dealer/Installer, you must complete the training and installation program, successfully pass the online exam, and commit to annual purchases, mobile demo kits or display (*valued at \$2,000.00 USD*).

iLLUMA-Drive offers a limited 10-year warranty on its products when installed by a certified Dealer/Installer who has successfully completed an accredited iLLUMA-Drive training program.

The world is changing. The DC revolution is here.
