What does being on the USA National Boccia Team mean to you to:

Being on The USA National Boccia Team means to me that as a sportsmanship and as an athlete there are few priorities that I must endure and accept. First; I must dedicate myself an allotted time and place for practice. Second; I must communicate with team members and my head-coaches team practices and develop skills and strategies to improve my performances. Third; being a part of this team makes me to rethink my life that having disabilities with Cerebral Palsy isn't the end, but rather it's the beginning. Boccia has changed my perspective of life and the way I think and behave. Boccia and being in this team has made more confident in taking control, in decision making, and in opportunity to enjoy life to the fullest.
