HAWAII DISABILITY RIGHTS CENTER
ANNUAL REPORT - FY 2007 (OCTOBER 2006 - SEPTEMBER 2007)

MISSION & POLICY

The Hawaii Disability Rights Center defends and enforces the human, civil and legal rights of people with disabilities.

Human Rights are those natural rights that are accorded to all human beings. They are clearly stated in the U.S. Constitution as the right to life, liberty and the pursuit of happiness.

Civil Rights are an expansion of basic human rights and are specified in the U.S. Constitution, the Bill of Rights and the Hawaii State Constitution. They include the rights to: freedom of religion, speech, press, assembly; petition for change; equal protection under the law; privacy; confidentiality; appeal decisions; freedom from oppression, unlawful search and seizure; and cruel and unusual punishment.

Legal Rights are an expansion of our human and civil rights as established by specific laws, such as those laws which authorize protection and advocacy for people with disabilities.

It is the policy of HDRC to:
Advocate for as many people with disabilities in the State of Hawaii, as wide a range of disability rights issues, as our limited resources allow; and to:
Resolve rights violations with the lowest feasible level of intervention; but to also:
Provide full legal representation, including litigation, if necessary, to protect the rights of people with disabilities, consistent with authorizing statutes and Center priorities.
