

FMT 3 FLOW METER

VARIOUS FLUIDS

THE LATEST DEVELOPMENT IN FLOW METER TECHNOLOGY

The FMT 3 is the latest development of turbine electronic flow meters from TECALEMIT. It's everything most meters in the market are missing.

Featuring a symmetric measurement chamber allowing multi-directional flow and a LED-illuminated display capable of being rotated. Additionally, users have the ability to separate the main body from its chamber, which is especially helpful for any future expansions & maintenance.

Furthermore, the FMT 3 Flow Meter is highly versatile and can be used with a range of fluids, offering customers ultimate flexibility.

TECHNICAL SPECIFICATIONS & FEATURES

Multi-directional flow	
Display can rotate in 90° increments	
Display can be mounted to fit any viewing angle	
Main body can be separated from the main chamber	
Turbine meter	
Flow rate min./max.:	1-30 gpm
Nominal pressure max.:	10 bar
External thread:	1" BSP
Accuracy:	+/- 1%
Operating temperature:	-13 to +131°F
Medium temperature:	-14 to 104°F
Pulse ratio (pulser model only):	100:1
Battery life (approx.):	5 years
Weight:	0.53 lbs.
Dimensions (W x D x H):	4.72" x 2.05" x 3.35"

PART

DESCRIPTION

US253591006	FMT 3 TURBINE METER - NON-PULSER
US253591098	FMT 3 TURBINE METER - PULSER
