ONE EXTRA DEGREE

CORONAVIRUS NOTICE TO OUR VALUED GUESTS

3/15/2020

As a valued friend and guest, we want to let you know about the actions we are taking in response to concerns about COVID-19. The health and safety of our staff and guests is our top priority.

We feel it is important to stay open and positive and have taken a series of precautionary steps to maintain a high level of hygiene and cleanliness for our guests and employees especially during this time of heightened concern.

- Scrub in /Scrub out – added intensity to our strict handwashing policy, including increased frequency & re-training proper handwashing procedures.
- Increased deep cleaning and disinfection procedures on communal surfaces like door handles, bathroom fixtures, tables, etc.
- Replacing handshakes with verbal greetings.
- Strict adherence to our sick policy and flexibility to stay home if an employee chooses.
- Following recommended social distancing when seating tables.
- Discouraging international travel and implementation of a 14-day quarantine following such travel.

We will continue to monitor the situation and take the necessary precautions needed to keep our staff and guests safe. As a company, we will do what is right for our employees, guests, and community on the advice from our local health officials and trusted partners including the National Restaurant Association.

If you feel more comfortable dining in the comforts of your own home, please remember that we have TAKE OUT options available to serve you! We will bring your order out to your car!

Thank you for your continued support of our local community. We are privileged to serve you and look forward to serving you soon!
