

Techniplas

Making the Connected World™

Techniplas Company Policy

We

Comply with all legal requirements

Act with high ethical and moral values

Empower all employees and associates to:

- Deploy their abilities
- Stop activities which have unacceptable risk
- Employ risk reduction methods

Employ continual improvement principles and business continuity in all facets of business.

Health & Safety

- Create a “Zero Accident Culture” and reduce risks
- Encourage safe behaviors and recognition for proactive approach to safety
- Provide a healthy, safe and ergonomically engineered workplace for our employees, visitors, and contractors

Quality

- Meet customer requirements and exceed their expectations
- Deliver on time
- Lead with a “Zero Defect Mindset”

Environment

- Design and produce resource efficient products, processes and services
- Use energy resources effectively and efficiently
- Avoid environmental pollution

We fully support and provide the necessary resources to meet or exceed the business policy.
