

# Dads to Dads

**Dads Supporting Disabilities**

*Bringing Dads together in friendship so that, through education and sharing life experiences, their families can achieve the best possible outcomes*

The Dads to Dads Program offers fathers (and other significant male carers) of people with a disability or chronic illness the opportunity to meet other dads and to develop the confidence, skills and networks they need to take an active role in the support of their son or daughter

**The focus of Dads to Dads is not on disability or chronic illness; but the strengths and capacity of men and the whole family**

## Weekends Away

We invite fathers of people with a disability or chronic illness to join a small group of dads on a weekend away.

This weekend includes:

- \*Two night's accommodation, most meals
- \* Entry to an activity or event (eg. Fishing, quad biking, music festival, tour)
- \*Sharing of stories and skill building

*'It was great to meet other blokes who are in the same boat as me!!'*

**Dad to 9 year old boy with Autism**
