-Our DOUBLE ZERO flour has a lower gluten content than most flours. It also has a finer grind which stands up to the heat of our wood burning oven. Our fermentation process (sour dough) increases beneficial bacteria in our dough which also aids in digestion.

-Charcoal is a natural purifier and aids in digestion, one of the worlds most beneficial elements.

-Our vegetarian crust is made of mostly herbs and vegetables grown aeroponically right here on the Bidwell Roof Top. It is also gluten free.

-Our gluten free crust is made of chickpeas and rice flour.

Our diners have the option of our standard OO crust or the choice of vegetarian, gluten free or Charcoal dough. Enjoy!
