The current Board have agreed upon following initial goals for ArtsNYS:

1) To have the Governor recognize the arts as an essential industry in terms of ensuring the cultural and economic prosperity of New York State.

3) To increase the effectiveness of communications and professional development throughout the field.
4) To vigorously provide material and representative support for New York State individual artists and arts agencies.
5) To ensure that regional economic development councils (REDC) are characterized by adequate representation among the arts.
6) To advocate for the implementation of a curricular arts standard among New York State public schools.

**Qualifications**

Serving as a Board member for ArtsNYS represents an extraordinary opportunity for any individual passionate about ensuring a robust and accessible arts, culture, and heritage sector in New York State. In addition to the commitment to ensure ethnic, generational, and geographic diversity among Board members, ArtsNYS is also seeking candidates who may provide specific experience, insight, or expertise in the following disciplines: law, accounting, fundraising, state government operations, marketing and IT, or executive-level management in arts-adjacent fields (health, education, commerce).

Furthermore, ArtsNYS seeks new Board members representing different geographies and service regions of New York State. Specifically: Southern Tier, Mohawk Valley, Finger Lakes, and North Country.

Qualified individuals will be able to demonstrate a clear track-record of community service, either professionally or in a volunteer-capacity, that may be brought to bear in the context of this state-wide operation.

**Expectations**

The Board of Directors supports the mission of ArtsNYS by coordinating strategy, initiatives, fundraising, oversight, and day-to-day organizational activity with the General Manager (GM). As of November 2020, the GM position has not been advertised. It is the responsibility of the Board to hire and fill this position. The Board-GM relationship is a partnership, and the appropriate involvement of the Board is both critical and expected.
