**POP Block Times
WINTER 2021
January 10 – April 10
Pricing and Signup Forms**

Block Time at the PoP exists so that you can reserve your weekly court time in advance for you and your playing partners. You can reserve blocks by day of the week and time of day with a discount for non-peak times and extended playing times for daytime and last court of the day reservations (7:30PM court time stays/plays as late as they want to!) Prices are divided evenly by the number of players on the reservation and are prepaid and the court reserved when the completed reservation form is returned signed by all players and the court availability is confirmed. A Court Reserve Event in the name of the lead contact will designate the court time and court number. Non-members can be included on the block time at a non-member rate – no additional guest fees for non-members registered on a block. We are starting out with a quarterly approach Oct.-Dec/Jan-Mar/April-Jun/July-Sept. Each Quarter will include 13 weeks of play. We have greatly simplified the pricing for your
