

Environmental Policy

Company Business Mission

QuickCircuit Limited (QC) is fully committed to being environmentally responsible by minimising our impact on the environment as part of our core operations of Electronic Contract Manufacturing in New Zealand.

Company Commitment

QuickCircuit is committed to:

- The implementation of the environmental policy throughout the company and encourages the participation of our suppliers, customers and employees
- The consideration of environmental concerns and impacts into our decision making and activities
- Raise awareness, encourage participation and train employees in environmental matters
- Employees will be advised of the environmental policy and objectives; and expected to implement the strategies and recommend improvements.

Commitment to the Environment

- Minimise waste by evaluating operations to ensure they are as efficient as possible
- Minimise toxic emission through the selection of suitable consumables where possible
- Actively promote recycling both internally and amongst customers and suppliers
- Meet or exceed all the New Zealand environmental legislation that relate to the company's activities
- Maintain external accreditation, demonstrating our commitment through the framework of ISO14001:2015.

Energy and Water

Strive for energy and water conservation in all existing operations and prefer technologies that enhance energy and water conservation when replacing or upgrading systems.

Waste Minimisation and Resource Efficiency

Reduce waste at source in all operations, encourage creative "reduce/ reuse/ recycle" of all waste materials.

Risk Assessment, Pollution Prevention, Environmental Protection

Understand and review the environmental aspects and their resultant direct and indirect impacts that business activities and productions may have on the environment. Identify potential areas of concern, and develop proactive responses including for emergency situations.

Chemical Use

Identify chemicals used and move to environmentally friendly alternatives where possible.

QuickCircuit is committed to the continual improvement of its environmental performance. This policy will be communicated to all employees, and be available to customers, suppliers, subcontractors and the public through selected media.
