

## **Another New Beginning**

Property was recently cleared at 313 Wickham Street in South Boston by the Carrington Brothers, in preparation for Tri River Habitats newest house (#16).

Mr. Donnie Wesley and team are busy laying the foundation block already.

We are going about this a little different this time said Bob Hughes, executive director of Tri River Habitat. Instead of a "ground-breaking", we plan to have a "house-raising" ceremony and presentation in the very near future/ It will be announced soon. In the meantime, we desperately need volunteers – initially with some building (home repair) experience - especially in the beginning stage.

To volunteer call JOSIE @ (847) 421-7614. Or better yet, email her at:
