President's Message

Winter 2020

Dear Fellow Members,

Let’s ring in the New Year with hope for all members of our Registry concerning their health and their horses. We soon forget how much it takes to maintain one horse, even 2, and heavens “A Herd”! Our Registry is trying hard to combat waste and keep the virtual office running with as little maintenance as possible. We appreciate all the hard work our volunteers provide and wish that other members could, if possible step up and help out to ensure that their Curly Horses will have a Registry which recognizes their lineage and history. With 2020 here let’s all appreciate what we have and make a resolution to help anyone who is in need or any animal that is in need especially the Curly horse.

Our Annual ABC Curly Convention will be in Reno, Nevada this year. We have planned it for July 30- Aug 1, and hope that all members can make the trip out west. The last time we were in Reno was 7 years ago and we had a great time. We plan on having a trail ride and informational clinics.

Start saving now!! We will have more convention information posted on the website and in the next issue of the Curly Cues in March, 2020.

Wishing for a Curly foaling season,

Joan Olson

ABC President
2020 ABC National Convention News

Reno, Nevada will be welcoming all curly members for our 50th annual American Bashkir curly horse registry convention. The venue will be held at Ironwood Events Center where we will have Stallion Demonstrations, informational clinics such as Western Dressage and Classic Dressage, Hunter Jumper clinic, trail rides and good curly fun! Plan on attending at the end of July, the 30, 31 and Aug 1st. There will be a meet and greet on the evening of the 30th, with meetings and activities the next two days. Convention attendee forms will be posted on the website for downloading along with Convention Agenda soon. Please check the ABC website out for this information. Requests for mailing a form should be addressed to the office or any of our board members would be willing to help out with that.

To book a hotel, go to Hotels.com/hotels in Reno and you will find everything listed where you can pick one that you like. There will be no Host hotel this convention. We recommend the Best Western Plus, which was actually our Host hotel seven years ago, but was owned by Holiday Inn. It has been newly remodeled and the telephone # is 775-358-6900.

If you wish to have that Casino atmosphere, the Nugget is the closest to the Center. Check out their website for information and room rates.

Make a vacation out of it and stay for the week! Lake Tahoe is only an hour away! So put those dates in your calendar and start thinking about making plane reservations.

Hope to see you in Reno!!

**Curly Coat Genes**

The Cook gene is another rare, unidentified gene. They also do not have KRT25 or SP6, yet show the curly coat. There are some out there, but tests still need to be done to identify their curly gene, and how it works. Cook was a neighbor of Damele’s, so it is possible horses of the Damele lines could have the unknown Cook gene.

Listed below are horses who may have the Cook gene. If you have, or know of someone who has a horse listed, or a progeny from it, please ask them to contact Dr. Wilkinson, and get hair to him, for testing. The list is below, as well as contact information. If the horse is on this list, Dr. Wilkinson will pay for the testing. If not, the owner will have to pay for the testing.

Ravishing Beauty  ABC#??????
Sire-Houdini  ABC# 468
Kara Mia  ABC# 1171
Ne-Hi Majic  ABC# 1172 (hair sample tested)-but need blood if it was ever taken
Gemstar Majic  ABC# 1161
CPS Woody  ABC# 4014
Magjie Rainmaker  ABC# 1232
Copper Majic  ABC# 1162
Kodiak Majic  ABC# 2260 (waiting on blood from Austria, already have hair sample tested).
Lacy Lady  ABC# 2325

There are other curly horses in the world without the KRT25, SP6, Sulphur, or Cook lines. Dr. Wilkinson and Dr. Gus Cothran are hoping to be able to eventually get samples and test them for their curly genes.

ABCR CURLY HORSE DATABASE

“FREE TO ABCR MEMBERS”

ABCR provides a fully linked ABCR Curly Horse Studbook online with more than 8,100 entries and 2,950 pictures including all ABCR horses. These are the features of this database:

1. Fully linked pedigrees with pictures
2. Siblings view: Find full and half siblings of a given ABCR animal at-a-glance
3. Offspring view
4. Vertical pedigrees: Vertical pedigrees list full siblings of each horse in the pedigree at-a-glance, which as a group represent various combinations of their parents’ genes, and are good indicators of the range of possibilities that are likely to be passed on. Using vertical pedigree analysis gives breeders interesting insights e.g. about confirmation or the extreme characteristics that cannot be tracked in a direct manner.
5. Reverse pedigrees: Reverse pedigrees show offspring of the offspring of a given animal.
6. Trial mating: Try out mating’s between ABCR horses and look how the confirmation or other characteristics would match.
7. Additional information such as Coefficient of Inbreeding (COI) and Pedigree quality
8. Indication of DNA availability and extreme characteristics
9. Name generator: Generator for horse names based on more than 40 years of ABCR Curly Horse names—always new and fancy combinations, fun guaranteed!
10. Additional features: Advanced search, fully scalable between 3 and 8 generations, same ancestors highlighted, enlargeable pictures
