Women

Make a Difference

Become an APCW Corporate Partner

The Association of Professional Christian Women (APCW) values the role businesses play in assisting the Association to serve as a resource for women who are interested in serving the Lord in all areas of their lives. We encourage your company to take advantage of the Corporate Partners program made available by APCW. By serving as a Corporate Partner, your company will be recognized as a strong supporter of the Association and will be afforded valuable and marketing opportunities.

Our annual Corporate Partners enable the association to provide invaluable services to women around the world. These services include educational programs and sessions, professional networking opportunities, an annual conference, and a variety of publications.

The APCW Corporate Partners Program truly is a partnership between corporate sponsors and the Association, benefitting both parties through exposure, shared services, and open discussion.

Position your company as a strong supporter and leader by becoming a Corporate Partner today!

To register as a Corporate Partner, contact APCW at (720) 501-4275 or go to www.apcwonline.org.

The following are the available Corporate Partnership levels:
