

Complete Post-Warranty Data Center Solutions

SUPPORT & EXTENDED WARRANTY

Reliant's top-of-the-line support and warranty options for storage, servers, and networking gear are designed by expert data center engineers to provide the same level of support as the OEM at half the cost. All of Reliant's support & extended warranty options are backed by our 10 point guarantee.

IT ASSET DISPOSITION

Complete disposal, disposition, and destruction of end-of-life-cycle IT assets in an economical, secure and environmentally safe manner. We provide ITAD as a managed service, utilizing our vetted partner network, which allows us to provide local service under one contract.

IT ASSET MANAGEMENT

RTAM is Reliant's free, cloud-based IT Asset Management tool designed to save you time and money by giving you complete visibility into your data center environment. From asset planning and labeling tools to contract management, EOL alerts, and pricing tools, RTAM has it all.

PROFESSIONAL SERVICES

Whether you're in need of data center infrastructure design, implementation, relocation, or troubleshooting services, we have a highly experienced team of storage experts and engineers ready to deliver the services you need.

DATA CENTER HARDWARE

Reliant's certified pre-owned hardware offerings can help you extend the life of your data center and avoid costly and unwanted system upgrades. We offer parts and gear from all the major OEMs, and every piece of hardware goes through a rigorous inspection from expert engineers that verify every product we sell will operate at peak performance.
