

RC-4650 REBAR CHANNEL

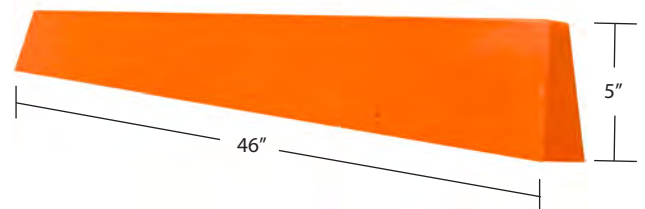

SafelineFP's Rebar Channel protects 360-degrees and guards against serious injury due to a fall and abrasion on exposed rebar.

It meets OSHA safety standards by withstanding a 250 pound weight dropped from 10 feet without the rebar protruding.

The Rebar Channel is light and stackable making it easy to store for repeated use. Additionally, the bright orange color enables high visibility where the Rebar Safety Channel naturally defines and serves as a safety barrier by marking and covering exposed rebar areas.

Key Features:

- Meets OSHA safety standards by withstanding a 250 pound weight dropped from 10 feet without the rebar protruding.
- 360-degree coverage.
- Works in horizontal, incline and vertical applications.
- Ease to install.
- Light and stackable for easy storage.

**FALL PROTECTION
SOLUTION SPECIALISTS**

RC-4650 REBAR CHANNEL

A large percentage of worksite injuries are people getting impaled by tripping from the same elevation, not necessarily from above. The Safety Rebar Channel was designed with that in mind and provides coverage from the top to the sides.

See The Difference

SAFELINE-FP REBAR SAFETY CHANNEL	STANDARD REBAR CAPS & 2x4 COMBO
<ul style="list-style-type: none"> • Protects 360 degrees 	<ul style="list-style-type: none"> • Only protects if a worker lands on top of cap
<ul style="list-style-type: none"> • Passed OSHA drop test of 250 lbs from 10' 	<ul style="list-style-type: none"> • Failed OSHA drop test 3.5' for the 2x4
<ul style="list-style-type: none"> • Reusable and won't fall off or get lost 	<ul style="list-style-type: none"> • Caps tend to frequently fall off
<ul style="list-style-type: none"> • Saves time by covering multiple rebar piece 	<ul style="list-style-type: none"> • Takes longer to place caps on each piece of rebar
<ul style="list-style-type: none"> • Securely fits rebar #3-#8 	<ul style="list-style-type: none"> • Caps only cover 1 piece of rebar
<ul style="list-style-type: none"> • Stacks easily 	
<ul style="list-style-type: none"> • Weather tolerant 	
<ul style="list-style-type: none"> • Won't fade, warp or shrink
