About REIAC

The Real Estate Investment Advisory Council (REIAC) was established as a nonprofit trade association to provide a forum for the exchange of ideas, concerns and experiences among senior executives who conduct commercial real estate transactions. The invitation-only group limits its membership to senior-level executives at companies, who act as principals, and whose function is to develop, acquire, manage and/or finance commercial real estate. Institutional quality programs and peer-to-peer relationship-building opportunities have established REIAC's reputation throughout the national real estate investment community as one of its premier associations. www.reiac.org
