

## **Basketball Rule 3 Players Substitutes & Equipment**

Rosters & Starters = only 1 technical foul regardless the number of errors

1 technical foul for number or name added to book

1 Technical Foul for having the wrong numbers in the book

If a coach asks the scorer to change a number or add a player = 1 technical foul

Substitutions must report before the warning horn or entry is denied – Kowzan play

When a player comes out of the game, he may not be substituted back in until the clock has restart

Player leaves the game because his jersey is out - a time out will not buy him back in the game

Injured Player leaves the game with Coach assistance - 15 sec to replace with horn @ the beginning of the replacement time

Bleeding Player- may not wipe blood on an opponent - technical foul or DQ if flagrant

2 Opponents bleeding leave the game- each team will have to use a timeout to re-entry

Coach may burn a time out to keep bleeding player in the game if it can be done during time out

### Substitutes

A player may not re-enter until the clock has started

During a Free Throw, when a player leaves the game with blood or injury and subs are at the table, ALL Subs will be allowed to enter when a player has been directed to leave the game In other words they don't have to wait for the first free throw to be shot
