TO: COA Members  
Orthopaedic Practice Managers

We are forwarding to you a "**New Orthopedic Clinical Concepts Guide**" for **implementation of ICD-10** released by CMS today. Scroll down in this email to the CMS message. The guide is intended to help you transition to ICD-10.

Remember that COA has also developed a **ICD-10 Implementation White Paper** which brings together other resources to assist in the transition. The White Paper can be found on COA's webpage – <http://coa.org/newspublications/white-papers/>

All of these resources are free of charge.  
We hope these documents are helpful to you.
