## Ventura Orthopedics Orthopedic Surgeon Shoulder and Elbow Reconstruction

Posted: 7/19/21

Ventura Orthopedics is recruiting a shoulder reconstruction surgeon to start in 2021-22.

We are a 20-physician orthopedic group with specialists in spine, pediatrics, shoulder, hand, sports, pain management, total joints and foot and ankle and are located in Ventura County, California, immediately north of Los Angeles County. We have 5 clinic locations, 6 physical and hand therapy locations, and 3 high field MRI units (one wide bore).

We have a tradition of leadership and service in our communities and our state and are a vertically integrated provider of musculoskeletal care with partnership track potential.

If you are interested, please contact Erinn Barnwell 805-641-6415 [hr@venturaortho.com](mailto:hr@venturaortho.com)

### Orthopaedic Surgeon Needed

Posted 7/19/2021

Align yourself with the Nano® organization looking for an Orthopedic Surgeon to join our multiple practices in the Southern California Area. You will join a well-established, stable orthopedic surgery group as the group continues to expand its Nano® Out-Patient technology.

You will learn to perform seamless outpatient surgery using Nano's® proprietary preoperative Blue-printing fit implant and nano's unique surgical approach which translate into tangible real world patient benefits, solving problems in classic TJA techniques so well that you never hear about them. With Nano, you will be able to get your patients walking within 60 minutes of surgery, return home within 2 hours, and walk the equivalent of five kilometers within the first week.

Nano established entirely new norms that have been experienced over and over by the patients of this proven technology. No two Nano® surgeries are done exactly alike, and the implant material is perfectly adapted to your patient's own unique anatomy, with 3D-printed pieces produced to restore the joints most important connection.

#### Qualifications:

- Degree: MD/DO
- Board Certification: Preferred, but not required; BE/BC
- Minimum Experience: 0-1 Year
- Entry Level: Yes
- Current BC/BE in orthopedic surgery
- Licensed without restrictions, to practice in California
- Active DEA license
- Able to work in Los Angeles, CA
- Ability to speak in fluent Spanish is highly preferred
- Authorized to work in the US

#### Quick Facts:

- Become an employee of this very busy medical center
- Medical benefits, malpractice insurance, and a retirement plan
- Traditional inpatient and outpatient
- Work at 1 hospital and 1 clinic for great work-life balance
- Total joint fellowship or experience

### Orthopedic Fellowship- Out-Patient TJA

Posted 7/19/2021

Start Date July 2022

Offering a 1 year, unaccredited fellowship , solely focused on outpatient total joint replacement with Thomas D. Ferro, M.D. at the NANOKNEE INSTITUTE FOR OUTPATIENT TOTAL JOINT REPLACEMENT. Includes hands on clinical research, direct involvement in the business model development, and post-fellowship professional support. Conceived, developed, and perfected by board-certified and fellowship-trained orthopedic surgeon, Dr. Thomas Ferro, Nano® is the pinnacle of perfection and precision for patients in need of joint replacement.

You will learn to perform seamless outpatient surgery using Nano's® proprietary preoperative Blue-printing fit implant and nano's unique surgical approach which translate into tangible real world patient benefits, solving problems in classic TJA techniques so well that you never hear about them. With Nano, you will be able to get your patients walking within 60 minutes of surgery, return home within 2 hours, and walk the equivalent of five kilometers within the first week.

Nano established entirely new norms that have been experienced over and over by the patients of this proven technology. No two Nano® surgeries are done exactly alike, and the implant material is perfectly adapted to your patient's own unique anatomy, with 3D-printed pieces produced to restore the joints most important connection.

Nano® preserves as much of the patients good ligaments, muscle, and noon tissue as possible, making for an outpatient surgery that can be done under only local anesthesia and IV sedation.

## Sacramento VA Medical Center Seeks BE/BC Orthopaedic Surgeon

Sacramento VA Medical Center, with 4 ORs and 50 inpatient beds, has immediate need for a full or part-time BE/BC Orthopaedic Surgeon to join our busy Orthopaedic Surgical Service in Sacramento as we strive at providing the best healthcare to our nation's veterans. This is a General Orthopaedics position ( Sports would also be appropriate) with most referrals being for chronic knee and shoulder complaints; Sub-specialty interest in shoulder is preferred though not required. As a federal employed physician of the VA, you can manage your patients as you deem clinically appropriate while you enjoy more predictable hours, no billing, overhead, pre-authorizations or marketing concerns.

The VA offers competitive salary and benefits package and paid time off (26 days per year for vacation time for full-time employees). The VA is proud to be an equal opportunity employer. Sacramento VA Medical Center is centrally located in a growing, dynamic metropolitan and suburban area with some of the best school districts in CA. The area is also a growing hub for higher education and research with nearby Sacramento State University and our affiliate UC Davis. We are only a 2-hour drive from the city of San Francisco or the Lake Tahoe ski resorts, and 1.5 hours from the wineries of Napa Valley.

Candidates must be:

- 1) Board certified or Board eligible
- 2) US citizens or permanent resident alien (PRA-Green Card).
- 3) Must possess one or more valid Medical License(s) (No California Medical License required).

Qualified applicants should email a letter of interest, a current CV, and the names and contact information for of at least three professional references to the VANCHCS Physician Recruiter: **Crystal.Keeler@va.gov**
