This Edition of the WTC's Member Spotlight features:

**The Voice Of
Your Business®**

Now more than ever it's vital to stay in touch with your team, wherever they are. We're excited to bring you a whole new way to connect with them...CommuniCast! CommuniCast is an audio podcast program created specifically for your business and delivered to your employees via email, text or webstream. A powerful tool for delivering business information, training and standards info, acknowledgements & milestones and entertainment content....all while keeping your drivers on the road.

CommuniCast: Keeping your team In The Know, On The Go!

About hpc:

Since 1992, we have been helping our clients to more effectively communicate with their customers. We create audio marketing content for telephone on-hold messaging, auto attendant greetings, IVR systems, in-store announcements & background music and radio commercials. We are The Voice Of Your Business!
