**GBEAF Mission Statement:**

Our mission is to bring innovative programs to the Green Brook School District in order to further enrich the student experience using new technologies and unique learning methods.

The Green Brook Education and Athletic Foundation seeks to support and enhance the activities and facilities of the Green Brook Schools and Green Brook Township youth athletic programs while acting as a catalyst to bring community members and organizations together. The Foundation aims to achieve this by encouraging community members to come together for events that raise funds and promote a positive, cooperative environment for Green Brook residents, schools, organizations, and businesses. Proceeds from GBEAF activities will support our schools and athletic organizations, encourage sports and physical fitness within the community, and provide scholarships and grants to Green Brook students pursuing higher levels of education.

Our success is based on our ability to build relationships with the diverse and talented members of the Green Brook community—individuals, organizations, and businesses alike.

Green Brook Township is a proud community that boasts superb schools and thriving community institutions. The Green Brook Education and Athletic Foundation seeks to play a role in making the most of what this great community has to offer.

The Green Brook Education and Athletic Foundation was formed in 2011.

The Green Brook Education and Athletic Foundation is a non-profit, charitable organization and has been designated by the Internal Revenue Service as a 501(c)(3) organization for taxation purposes.
