MUFFLER

Equipment Needed: Yarn 4/10, about one pound, any color not too bright.
Needles - Use two needles to fit the Red Cross gauge for mufflers, etc.

Scale: 11 stitches to two inches, 13 rows to two inches. Make a sample to determine whether or not your scale is the same as that given. If not, adjust the knitting directions to your own knitting by casting on fewer or more stitches, depending on whether you knit loosely or tightly. The sample of your knitting is also necessary because the yarn may vary slightly, making adjustments necessary in the number of stitches cast on.
