TARGETS ARE SHORT-TERM, ACTIONABLE GOALS, AIMED AT THE GROWTH OF YOUR PRACTICE AND THE MOTIVATION OF YOUR EMPLOYEES. THEY CHALLENGE AND PUSH YOUR TEAM MEMBERS TO PERFORM.

WITH THOUGHT LEADERSHIP AND HANDS-ON TRAINING THAT WILL STIMULATE AND INCITE ACTION, THE SOUTHWEST DENTAL CONFERENCE OFFERS THE PERFECT PRACTICE IMPROVEMENT TARGET FOR YOUR ENTIRE TEAM.
WELCOME TO THE SOUTHWEST DENTAL CONFERENCE!
CELEBRATING OUR 94TH YEAR

Throughout this past pandemic year of on-line meetings and ZOOM fatigue, it is our hope that predictions of “normal” by August 2021 will be accurate. My husband thinks it’s a “safe bet” and he usually wins his bets! The SWDC team and the staff at Kay Bailey Hutchison Convention Center are working together to ensure the health and safety of all who join us at the Conference. I look forward to elbow-bumping and welcoming you in person, and am excited to be able to gather once again to grow and learn.

Our theme this year is “Actionable Learning”. Building upon a spectacular slate of clinicians assembled by Dr. Missy Jaynes and her 2021 SWDC team, we present a 2021 program that will feed your educational appetite with a feast of information that will be “actionable” when you return to the office on Monday.

Our Exhibit Hall is planned for two full days of networking opportunities with other dentists, strategic partners and service providers. This showcase of the newest products and technology in dentistry will deliver a snapshot of all that is happening in dentistry today.

In addition to providing a healthy dose of our well-known Southern hospitality, SWDC has collaborated with the Omni Dallas Hotel and the Convention and Visitors Bureau to help you, your team and your family to relax and revel in everything Dallas has to offer.

Welcome. Enjoy the program. Enjoy each other. Thank you for being here.

Sincerely,
Mary Swift, DDS
Chairman 2021 Southwest Dental Conference

The Southwest Dental Conference is the meeting of choice for quality professional development, offering innovative educational opportunities with our signature atmosphere of tradition, hospitality and camaraderie.

GENERAL INFORMATION

The Southwest Dental Conference team and the staff at Kay Bailey Hutchison Convention Center are working together to ensure the health and safety of every employee, client, attendee, and partner that enters the facility for the SWDC. As you make plans to join us, please click here to consider the COVID-19 Protocol that will be maintained. This fluid document will be updated as necessary to comply with the most recent changes in the City of Dallas, Dallas County, state, and federal regulations.

REGISTRATION INFORMATION

2021 SOUTHWEST DENTAL CONFERENCE • AUGUST 20-21
Kay Bailey Hutchison Convention Center
650 S. Griffin Street, Dallas, Texas 75202

EXHIBIT HALL C; MEETING ROOMS C & D
All exhibit booths and clinical programs are located at the Convention Center.

PREREGISTER TO SAVE TIME AND MONEY!
Avoid long registration lines: preregister online or by mail using the form on pages 10-11. Registrations after July 10, 2021 will incur an additional $25 fee per person, and will increase again by $25 per person on August 19, 2021.

PREREGISTRATION IS EASY!
Select courses and complete registration online (swdentalconf.org) or by mail. Those who register online will receive an email confirmation within 72 hours.

If mailing, send form to the registration company:
Southwest Dental Conference
6840 Meadowridge Court
Alpharetta, GA 30005

Registrations are processed in the order received. Students can only register by mail or on-site and family members can only register on-site. All students must provide a copy of their valid student ID card when registering by mail or on-site. Telephone and fax registrations are not accepted. All forms must be received by the registration company on or before July 10, 2021 to qualify for the preregistration fees. Registrations after this date must be done online and will incur additional charges. Fees are payable to Southwest Dental Conference in U.S. funds by check, money order, MasterCard, VISA or American Express. Credit card users must supply a new credit card number within 24 hours of denial notification or ordered tickets will be returned to inventory. Tickets will not be held.

ON-SITE REGISTRATION HOURS
Thursday, August 19  12:00-5:00 p.m.
Friday, August 20  7:30 a.m.-5:00 p.m.
Saturday, August 21  7:30 a.m.-2:00 p.m.

PREREGISTRATION MATERIALS
Badges and tickets are sent to U.S. registrants by mail. Materials for those outside the U.S. are held for pickup at the On-site Registration Area. Each registered person receives a personalized packet of materials. Obtain an on-site meeting program and other important information at the Welcome Center when you arrive.

CORRECTIONS/CHANGES/ADDITIONS
Corrections, changes and additions are processed at no charge after original registration has been submitted. Online registrants may make certain changes to their information and add classes through the website (swdentalconf.org). You cannot cancel registrations on the website. You may also mail corrections, changes and additions to the registration company. Indicate the ID number shown on your name badge.
TICKETS & COURSES

ONLINE HANDOUTS
After registering for courses, attendees with valid email addresses will receive access to handouts online.
Attendees should download the handouts for each course they plan to attend. Handouts are not available on-site.

LOST BADGES
Badges are required for entrance into courses and Exhibit Hall. Lost badges are replaced at no additional cost at the On-site Registration desk with ID.

COURSE FEES
Early registration is encouraged to ensure course availability and early bird pricing. Course fees increase by $10 per course after July 10, 2021.

SWDC COURSE TICKET POLICY
All 2021 Southwest Dental Conference courses are ticketed. You must be registered and have a ticket to attend each course. Please indicate the course numbers on your registration form.
You must register for the courses you plan to attend in order to receive CE credit. The SWDC CE Verification system does not allow you to enter completion codes for courses in which you did not obtain a ticket.

CANCELATION/REFUND POLICY
DEADLINE: JULY 24, 2021
Send a written request for cancellation/refund accompanied by badge and ticket summary to Southwest Dental Conference, 13633 Omega Road, Dallas, TX 75244. A 20% administrative fee will be assessed. No refunds are given after the stated deadline regardless of reason including, but not limited to, death, illness or acts of God. Refunds are processed four weeks after completion of the Conference.

HANDS-ON WORKSHOPS
Workshops marked with an asterisk (*) require supplies. Supply lists are printed with the course synopsis. Attendees are responsible for bringing supplies to the course.

CLASSROOMS
All rooms are set to maximum capacity. When the room is filled, no additional people will be admitted and no standing is allowed per order of the fire marshal. No children are permitted in the classrooms. Cellular phones and pagers must be turned off prior to entering any of the meeting rooms.

STAY IN TOUCH!
Follow Southwest Dental Conference on Social media for the latest news, information, tips and contests!
CE INFORMATION

DALLAS COUNTY DENTAL SOCIETY

ADA CERP® Continuing Education Recognition Program

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Dallas County Dental Society designates one (1) credit per hour for CE activities, unless otherwise noted.

Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/goto/cerp.

CE courses provided by Dallas County Dental Society are recognized by the Texas State Board of Dental Examiners, other state’s licensing bodies and the Academy of General Dentistry. In Texas, CE courses must be “technical or scientific as relates to clinical care” to qualify for relicensure. Courses are designated “technical and/or scientific” or “nontechnical.” CE requirements differ from state to state, so please check with your state for specific requirements. AGD course codes and CE credit hours are shown on each course synopsis.

COURSE DISCLAIMER

The Southwest Dental Conference and its sponsor, Dallas County Dental Society, make every effort to present high-caliber clinicians in their respective areas of expertise. The presentations of the clinicians in no way imply endorsement of any product, technique or service presented in the courses. The Southwest Dental Conference and Dallas County Dental Society specifically disclaim responsibility for any material presented.

CE VERIFICATION

For on-site scanning, the CE Center is located at the back of the Exhibit Hall. At the computer, scan the bar code on your CE Scan Card and type in the four-digit completion code for each course attended. This will generate a printed CE Verification Certificate detailing course name, presenter, date, time and number of CE credit hours. Courses may be entered into the computer all at once or at various times. The printed CE Verification Certificate is cumulative and will show all courses you have attended each time the list is printed. Courses with identical dates and times will not print. The CE Center is open during Exhibit Hall hours Friday and Saturday. You may leave the CE Attendance Worksheet at the CE Center or mail it to the registration company after the Conference, and a CE Verification Certificate will be mailed to you. The registration service will mail CE Verification Certificates at no charge for up to 90 days after the Conference; thereafter, a $25 charge is assessed.

CE Verification is available on the SWDC mobile app throughout the Conference and at swdentalconf.org post-Conference. Click on the CE Verification link. You will be directed to enter your badge number and your last name. After entering this information, please enter completion codes for every course you attended. You may either print or email your certificate.

This site will be available for six months after the 2021 SWDC.

CE DOCUMENTATION

A CE Attendance Worksheet is available on-site at the Welcome Center. Record course information and completion codes on the CE Attendance Worksheet. Completion codes are given at the conclusion of each course. Each attendee is responsible for maintaining all CE documentation. AGD members may contact AGD for their forms. Some states have different requirements for documentation and verification of course credits. Please check with your state.
TRAVEL INFORMATION

Dallas is easily accessed from across the country by two airports: Dallas Love Field and Dallas/Fort Worth International Airport.

RIDE THE DART RAIL SYSTEM

DART drops off riders just a short, covered walk from the Kay Bailey Hutchison Convention Center. Trains run at 20-minute intervals, 5:30 a.m.-12:30 a.m., seven days a week. Stations are located at the Convention Center and several areas throughout Dallas. For more information, call DART at 214-979-1111 or visit their website at dart.org.

TRINITY RAILWAY EXPRESS

If coming from west of Dallas, the Trinity Railway Express brings riders to Union Station, where you can catch a DART train to the Convention Center. For routes and schedules, visit trinityrailwayexpress.org.

PUBLIC PARKING

In addition to the underground parking off Griffin Street at the back of the Convention Center, surface parking lots surrounding the Convention Center are available at an estimated cost of $15 per day. No reserved parking is available. Visit dallasconventioncenter.com for more information.

HOTEL ALERT!

Third-party companies may be claiming to book hotels using the SWDC name on an unauthorized website without our permission. These companies are not in any way affiliated with the SWDC or Omni Dallas Hotel (headquarters hotel).

The SWDC does not use third-party companies for reservations, and SWDC cannot verify the validity or security of any third party solicitor. Please book your hotel by contacting the hotel directly via web or phone. If you have any questions about the authenticity of information referencing our Conference, please contact us at 866-THE-SWDC.

OMNI DALLAS HOTEL

555 S. LAMAR, DALLAS, TX 75202
RESERVATIONS: 214-744-6664
WWW.OMNIHOTELS.COM

To register, call or go online at https://www.omnihotels.com/hotels/dallas/meetings/southwest-dental-conference-2021-08172021

The Omni Dallas Hotel features 1,001 guest rooms, including 64 luxury suites and three presidential suites. Enjoy the modern decor and the convenience of a short walk across the skybridge connected to the Convention Center. Social events, ancillary meetings and some courses will be held at the hotel.

Dining at the hotel consists of several fantastic eateries as well as a full-service Mokara Spa, gift shop, rooftop terrace pool deck and a spacious fitness center with stunning views of downtown.

Please note: Our convention dates are determined by the number of attendees that stay in the SWDC hotel room block. Please help us get the best, most consistent dates possible by staying in the Omni Dallas Hotel. This ensures that we receive credit for your stay and improves our standing with the Kay Bailey Hutchison Convention Center. Register early to book your hotel reservation.

GROUP RATE CODE: 081721SOUTHWEST

GROUP RATE DEADLINE: TUESDAY, JULY 27
SPECIAL EVENTS

INTERNATIONAL COLLEGE OF DENTISTS
2021 BREAKFAST

The International College of Dentists invites all members for breakfast during the 2021 Southwest Dental Conference.

Saturday, August 21 | 7:00-9:00 a.m.
$40.00 per person | Omni Dallas Hotel

Speaker to be announced soon.

To register, enter Course Code S01 during your 2021 SWDC registration process.

Since 1998 the Dallas County Dental Society Foundation has had the opportunity to:

- Provide screenings and educate elementary school children in the Dallas Independent School District (DISD) about oral health.
- Place sealants on second graders in DISD schools.
- Launch two programs in conjunction with the Dallas Dental Hygienists’ Association to provide oral health education in schools (ToothTalk) and nursing homes (Senior Smiles) in the Dallas area.

2020 brought two new initiatives:

- Give Kids a Smile Dallas-2020 providing dental screenings, oral hygiene instructions, nutritional counseling and providing dental kits to 1,100 Dallas County elementary school kids.
- Charity Summit Dallas brought together leaders in Dallas County charitable organizations to share information, open lines of communication and provide pathways for partnerships.

TO VOLUNTEER

WWW.DCDSFOUNDATION.ORG

TO GIVE
SHOW OUR EXHIBITORS
THEY ARE APPRECIATED

Expert exhibit personnel in more than 225 booths are here to assist you in making the right choices, to educate you on their products and services and to take your orders! Please spend time in the Exhibit Hall. The support of our exhibiting companies is greatly appreciated for contributing to the success of the Southwest Dental Conference. The success of the SWDC is dependent upon your participation. Don’t miss great deals on all your office needs!

EXHIBIT HALL HOURS
FRIDAY AND SATURDAY 9:00 a.m. - 6:00 p.m.

Click here for a list of all current SWDC exhibiting companies!

THE SOUTHWEST DENTAL CONFERENCE WOULD LIKE TO THANK EACH EXHIBITING COMPANY FOR THEIR CONTINUED SUPPORT.

OUR SPECIAL SPONSORS ARE NOTED BELOW.
These companies stayed active with us through the pandemic months, and we recognize them for their continued support!
Registration Instructions: Register online at swdentalconf.org OR mail this registration form. Forms must be received at the registration company on or before the preregistration deadline of July 10, 2021. Mail to: SOUTHWEST DENTAL CONFERENCE, 6840 MEADOWRIDGE COURT, ALPHARETTA, GA 30005. Faxed or emailed registrations are not accepted. Registration fees increase an additional $25 on July 11, 2021 and then again on Thursday, August 19, 2021. Refer to the cancellation policy on page 5. Only one form is necessary for each office, and you may photocopy it to accommodate additional registrants. Please complete both pages of this form.

THE SWDC APP IS AMAZING!

- See your personalized daily schedule with courses and room numbers.
- Receive alerts during the Conference.
- Find Exhibitors, add them to your itinerary and view their show specials.
- Get local information, including transportation and Dallas attractions.
- Look up Conference information, maps, clinicians and courses.
- Download your handouts.
- Redeem CE credits and have the certificate emailed to you.
- Available pre-conference on iPhone or Android.
WHY BE AN EARLY BIRD?

**DISCOUNTED REGISTRATION FEES**
Registration fees increase $25 after July 10, then another late fee of $25 after August 19.

**BETTER COURSE SELECTION**
Through the pre-registration date, July 10, we can re-arrange popular courses to accommodate more attendees. After that date, courses are limited to classroom size—once full, you’re out of luck.

**DISCOUNTED COURSE FEES**
Course fees increase $10 per course after July 10.

To help you with the math: If you have an office of five attending the conference, with each person booked in four courses, you’ll save up to $450 ($90 per person) by pre-registering.

Course # S03
See page 47 for course information.

Tickets must be purchased for entire CE Express session; single presentation tickets are not available.

HYGIENE CE EXPRESS

Friday, August 20
12:30 - 4:30 p.m.
Audience: D, A, H
Course # F02
See page 28 for course information.

Saturday, August 21
8:00 a.m. - 12:00 p.m.
Audience: D, A, H
Course # S02
See page 48 for course information.
Opioid Use, Abuse and Addiction: AND Marijuana and Its Impact on You, Your Family and Your Dental Practice! Part I and Part II
Harold Crossley, DDS, MS, PhD
8:30-11:30 a.m. and 1:30-4:30 p.m.

Equipment Maintenance Workshop
Burkhart Dental
9:00-11:00 a.m. and 1:00-3:00 p.m.

Oral Cancer and Potentially Malignant Disorders
Thomas Sollecito, DMD
9:00 a.m.-12:00 p.m.

Everyday Oral Surgery Skills for General Dentists Workshop
Alan Jeroff, DMD
1:00-4:00 p.m.

Communications, Coding and Collections
Laci Phillips
1:00-4:00 p.m.

It’s (Medically) Complicated! Essential Pharmacology for Treating Medically Complex Dental Patients
Thomas Viola, RPH, CCP
2:00-5:00 p.m.

**HYGIENE CE EXPRESS**

**Audience:** D, A, H  
12:30-4:30 p.m.  
$50 Early Bird | $60 After July 10  
(includes all four courses)

**Course #F02**  
CE Hours: 4 technical and/or scientific  
*Co-sponsored by the Dallas Dental Hygienists’ Association.*

---

**Cathy Stewart, RDH, BS**  
**If You Don’t Snooze, You Lose:**  
**Uncovering Sleep Disordered Breathing**  
12:30-1:30 p.m.  
AGD Subject Code: 160

**Liz Spoonts, RDH, MS**  
**Emergencies in the Dental Office – Is Your Office Ready?**  
1:30-2:30 p.m.  
AGD Subject Code: 142

**Kayla Reed, RDH, MS-EDHP**  
**Elder Abuse in the Dental Office**  
2:30-3:30 p.m.  
AGD Subject Code: 752

**Karen Davis, RDH, BSDH**  
**Invisible Pain: Realities Within the World of Autoimmune Diseases**  
3:30-4:30 p.m.  
AGD Subject Code: 750

---

**Harold Crossley, DDS, MS, PhD**  
**Opioid Use, Abuse and Addiction: AND Marijuana and Its Impact on You, Your Family and Your Dental Practice! Part I**  
**Audience:** ALL  
Time: 8:30-11:30 a.m.  
Fee: $30 Early Bird | $40 After July 10  
Course # F16  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 016

**Learning Objectives**

- Understand the difference between the synthetic and natural forms of opiates.
- Identify the difference among abuse, addiction, and misuse.
- Learn the medicinal and recreational effects of alcohol and opiates on the body system.

### Harold Crossley, DDS, MS, PhD

**Opioid Use, Abuse and Addiction: AND Marijuana and Its Impact on You, Your Family and Your Dental Practice! Part II**

- **Audience:** ALL
- **Time:** 1:30-4:30 p.m.
- **Fee:** $30 Early Bird | $40 After July 10
- **Course #:** F32
- **CE Hours:** 3 technical and/or scientific

**AGD Subject Code:** 016

**Learning Objectives**
- Learn the impact of marijuana on dental treatment.
- Understand the evidence supporting medicinal uses.
- Distinguish the meaning of shatter, dab, wax, and scat.

### Jim Grisdale, DDS

**The Dark Side of Implants: Complications, Diagnosis and Management**

- **Audience:** D,A,H,T
- **Time:** 8:00-11:00 a.m.
- **Fee:** $30 Early Bird | $40 After July 10
- **Course #:** F10
- **CE Hours:** 3 technical and/or scientific

**AGD Subject Code:** 490/690

**Learning Objectives**
- Identify patients at higher risk for dental implants.
- Learn the different types of complications.
- Recognize the differences between early and late stage complications.
- Understand the differences between biological and biomechanical complications.
- Understand the appropriate management protocol for early intervention and treatment.

### Jim Grisdale, DDS

**Peri-Implant Disease: Diagnosis, Treatment and Maintenance Therapy 101 for the Dental Team**

- **Audience:** D,A,H
- **Time:** 1:00-4:00 p.m.
- **Fee:** $30 Early Bird | $40 After July 10
- **Course #:** F27
- **CE Hours:** 3 technical and/or scientific

**AGD Subject Code:** 495/690

**Learning Objectives**
- Fundamentals of implant surgery, restoration and in-depth details for successful maintenance programs.
- Learn when to probe, when to take radiographs and how to properly document findings at each maintenance recall appointment.
- Identify and differentiate between the ailing, failing and failed implant and how to treat each complication.
- Explore different philosophies and correct sequence to treat the different types of peri-implant diseases.
- Review the different instrumentation and techniques for predictable implant maintenance.

### Theresa Groody, CDA, MEd

**ABC’s of Restorative Procedures: Adhesion, Bands and Composite**

- **Audience:** A
- **Time:** 8:00-11:00 a.m.
- **Fee:** $30 Early Bird | $40 After July 10
- **Course #:** F11
- **CE Hours:** 3 technical and/or scientific

**AGD Subject Code:** 250

**Learning Objectives**
- Gain knowledge to compare/contrast generations of dental adhesives; explain basic functions of each component and when/why to use them.
- Identify criteria for properly placed matrix systems.
- Review material choices, placement/finishing/polishing techniques for each class of composite restoration and why each step is vital for long term success.
Theresa Groody, CDA, MEd

Perfecting the Provisional Crown Process Workshop

Audience: A

Time: 1:00-4:00 p.m.

Fee: $145* Early Bird | $155* After July 10

Course # F06

CE Hours: 3 technical and/or scientific

*Attendees should bring safety glasses and lab burs for trimming.

AGD Subject Code: 017/250

Learning Objectives

- Discover indications and discuss criteria for clinically acceptable provisionals.
- How to differentiate provisional fabrication using block, preformed, impression and splint methods.
- Understand procedure for fabrication and proper use of a handpiece to trim/polish matrix type provisionals.
- Explore indications for different cementation options.
**Mel Hawkins, DDS**

**Local Anesthesia: 30+ Years of Hits, Misses and Near Misses - Technique and Pharmacology**

Audience: D,A,H  
Time: 8:00-11:00 a.m.  
Fee: $30 Early Bird | $40 After July 10  
Course # F12  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 132

**Learning Objectives**
- Become familiar with the anatomy of local anesthesia.  
- Understand the influence of tissue and product pH.  
- Learn and simulate doing specific (Gow-Gates, Akinosi) techniques and which might be used and when.  
- Learn inferior alveolar tips and tricks applied over 30+ years.  
- Gauge assess and critique reasons for failure and “What would you do now, Doctor?”

---

**Mel Hawkins, DDS**

**Local Anesthesia: Advanced Technique Simulation Workshop**

Audience: D,A,H  
Time: 1:00-4:00 p.m.  
Fee: $175* Early Bird | $185* After July 10  
Course # F07  
CE Hours: 3 technical and/or scientific  
*Attendees should bring loupes. If desired, bring customary office syringe(s) and local anesthesia technique textbook.  
AGD Subject Code: 132

**Learning Objectives**
- Review the anatomy of local anesthesia.  
- Learn specific (Gow-Gates, Akinosi) techniques by simulation.  
- Define combinations of techniques, volume and make intelligent choices as to which local anesthetics might be used and when.  
- Discover how to apply twelve inferior alveolar tips and tricks learned over 30+ years.

---

**Cathy Jameson, PhD**

**Creating a Healthy Work Environment**

Audience: ALL  
Time: 8:30-11:30 a.m.  
Fee: $20 Early Bird | $30 After July 10  
Course # F17  
CE Hours: 3 nontechnical  
AGD Subject Code: 550

**Presented in part with an educational grant from CareCredit.**

**Learning Objectives**
- Gain knowledge on employing the leadership capability of each person on the team.  
- Review how to enhance patient care and customer service: the key to practice building.  
- Learn how to make teamwork a reality rather than a cliché.  
- Understand how to create a sense of “co-ownership” among team members.  
- Learn how to increase the productivity of individuals and translate that into increased productivity for the practice.
Cathy Jameson, PhD

Overcoming “I’ll Think About It!”
Audience: ALL
Time: 1:30-4:30 p.m.
Fee: $20 Early Bird | $30 After July 10
Course # F33
CE Hours: 3 nontechnical
AGD Subject Code: 550
Presented in part with an educational grant from CareCredit.

Learning Objectives
• Learn the art of the new patient experience.
• Learn how to create a culture in your practice that empowers, inspires and reflects true professionalism and well-managed systems.
• Develop skills necessary for effective listening and speaking.
• Learn techniques necessary for successful case presentation.
• Learn how to make financial arrangements and how to find financial options that work for your patients and your practice.
• Discover how to create an ambiance inside your practice and throughout your community that reflects the quality of dentistry you wish to provide.

Alan Jeroff, DMD

Why, Why, Can’t I Remove This Tooth? Avoiding the Oh No! Moments in Oral Surgery
Audience: D,A,H
Time: 8:00-11:00 a.m.
Fee: $30 Early Bird | $40 After July 10
Course # F13
CE Hours: 3 technical and/or scientific
AGD Subject Code: 310

Learning Objectives
• Become familiar with case selection skills when choosing to do oral surgery.
• Expand your skill set when it comes to oral surgery procedures.
• Learn how to better manage problems with oral surgery cases.

Alan Jeroff, DMD

Everyday Oral Surgery Skills for General Dentists Workshop
Audience: D
Time: 1:00-4:00 p.m.
Fee: $195 Early Bird | $205 After July 10
Course # F08
CE Hours: 3 technical and/or scientific
AGD Subject Code: 310

Thanks to A-Titan for providing supplies and equipment for this workshop.

Learning Objectives
• Implement improved techniques for removing teeth while preserving bone, for example, sectioning of regular teeth and impacted third molars.
• Identify and manage extraction sockets to improve the site for later implant placement.
• Learn how to preserve the ridge after extraction with a thin or missing buccal plate and do straightforward socket preservation, for example, use of membranes and graft materials.
• Recognize which type of flaps to make without tearing the tissue and how to suture them.
• Understand the different suturing techniques and when to use them.
• Understand the correct method of crown lengthening of teeth for restorative purposes.
Scott Keith, DDS, MS

The Role of Digital Dentistry in the Contemporary Dental Practice
Audience: D,A,T
Time: 8:30-11:30 a.m.
Fee: $30 Early Bird | $40 After July 10
Course # F21
CE Hours: 3 technical and/or scientific
AGD Subject Code: 690

Learning Objectives
- Understand the digital workflow for dental implant treatment planning, surgery and prosthetics.
- Determine when and where the digital dentistry workflow may improve upon currently accepted treatment modalities.
- Recognize potential limitations of digital technologies in relation to clinical care of our patients.

Scott Keith, DDS, MS

Giving Patients What They Want... Immediate Satisfaction with Dental Implants
Audience: D,A,T
Time: 1:30-4:30 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # F36
CE Hours: 3 technical and/or scientific
AGD Subject Code: 250/690

Learning Objectives
- Understand the importance of proper diagnosis and treatment planning prior to surgical intervention.
- Determine when and where extraction and immediate implant placement is appropriate, the risk factors involved and when a more conservative, staged approach is indicated.
- Classify case types to assist in creating predictable esthetic and functional outcomes including timing of extraction, grafting, implant placement and provisional restorations.
- Understand the importance of provisional hybrid restorations in the shaping of healed tissue contours and communication of prosthesis design to the laboratory technician.
- Understand the importance of balance and favorable occlusal loading and the use of computerized occlusal evaluation and adjustment to achieve this goal.
Anne Koch, DMD

**Safety and Simplicity in Root Canal Instrumentation**

Audience: D  
Time: 8:30-11:30 a.m.  
Fee: $30 Early Bird | $40 After July 10  
Course # F18  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 070

*Presented in part with an educational grant from Brasseler USA and RealWorld Endo.*

**Learning Objectives**

- Learn how rotary file design influences instrumentation safety and efficiency.  
- Understand the advantages of heat-treated files and how best to use them.  
- Discover the most effective instrument motions available for shaping root canals and their advantages and limitations.

Anne Koch, DMD

**Safety and Simplicity in Root Canal Instrumentation Workshop**

Audience: D  
Time: 1:00-4:00 p.m.  
Fee: $175* Early Bird | $185* After July 10  
Course # F09  
CE Hours: 3 technical and/or scientific  
*Attendees should bring any accessed, extracted teeth you prefer to work on.*  
AGD Subject Code: 070

*Presented in part with an educational grant from Brasseler USA and RealWorld Endo.*

**Learning Objectives**

- Understand the need to combine the latest technology with long established, evidence-based endodontic principles.  
- Recognize the need to utilize piezoelectric ultrasonics in both access and three-dimensional irrigation.  
- Explore the benefits of bioceramic obturation and the incorporation of matching posts.

Nathaniel Lawson, DMD, PhD

**Materials and Techniques to Improve Your Class II Restorations**

Audience: D,A  
Time: 8:00-11:00 a.m.  
Fee: $30 Early Bird | $40 After July 10  
Course # F14  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 017

**Learning Objectives**

- Explore treatment guidelines for interproximal caries and caries removal endpoints.  
- Discover materials and techniques to promote a long lasting adhesive bond and create a well-adapted restoration.  
- Learn how to analyze matrix utilization and contouring instruments to achieve a tight and well contoured contact.
FRIDAY COURSES

Nathaniel Lawson, DMD, PhD
Bonding Dental Ceramics
Audience: D,A,T
Time: 1:00-4:00 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # F28
CE Hours: 3 technical and/or scientific
AGD Subject Code: 017

Learning Objectives
• Understand the indications for bonding dental ceramics.
• Discover the methods to clean ceramics prior to bonding.
• Explore a protocol for preparing the surface of ceramic crowns (for example, etching or sandblasting).
• Review the primers used on ceramic restorations.
• Classify the types of cements used for adhesive bonding.

Edwin (Mac) McDonald III, DDS
Joel Small, DDS
The Promise of Leadership
Audience: D
Time: 9:00 a.m.-12:00 p.m.
Fee: $20 Early Bird | $30 After July 10
Course # F23
CE Hours: 3 nontechnical
AGD Subject Code: 550

Learning Objectives
• Clarify your role as a leader and a key influencer to the success of your practice.
• Understand the creative competencies and reactive tendencies of leadership effectiveness.
• Learn the importance of feedback and how to use it in your day to day practice.
• Become familiar with creating a leadership development plan that transforms you as a leader.

Edwin (Mac) McDonald III, DDS
Joel Small, DDS
Creating a Culture That Transforms and Performs
Audience: D
Time: 2:00-5:00 p.m.
Fee: $20 Early Bird | $30 After July 10
Course # F40
CE Hours: 3 nontechnical
AGD Subject Code: 550

Learning Objectives
• What is our why? Are profit and purpose congruent?
• Facilitate how to employ trust as the currency of your culture.
• Creating a shared mental model in your team.
• Develop a “People First” organization.
• Identify and close cultural gaps.
John Molinari, PhD

Challenge of Waterborne Infections: A Microbiology Perspective
Audience: ALL
Time: 8:30-11:30 a.m.
Fee: $30 Early Bird | $40 After July 10
Course # F19
CE Hours: 3 technical and/or scientific
AGD Subject Code: 148

Learning Objectives
• Comprehend the historical and current challenges with waterborne infections.
• Understand their unique colonization and pathogenic properties promote cross-contamination and infection in susceptible hosts.
• Describe infectious disease characteristics of specific waterborne pathogens that challenge our health care infection control procedures.
• Explore available approaches to control microbial colonization of waterlines in dental and medical settings.
John Molinari, PhD  
**Infection Control: That Thing You Do**  
Audience: ALL  
Time: 1:30-4:30 p.m.  
Fee: $30 Early Bird | $40 After July 10  
Course # F34  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 148

**Learning Objectives**  
- Learn the most recent updates for CDC infection control recommendations.  
- Develop the rationale for effective, hand hygiene procedures as fundamental components of an infection control program.  
- Gain knowledge of the challenges bloodborne and respiratory infections present to healthcare workers.  
- Comprehend the most current vaccination recommendations for dental personnel.  
- Recognize recent technology advances and protocols for instrument processing and sterilization.  
- Identify efficient and effective approaches to monitor sterilization.  
- Explore the use of disposables and disinfectants used in environmental surface asepsis.  
- Investigate factors which can lead to dental unit waterline (DUWL) contamination.  
- Learn practical strategies which may minimize forms of DUWL contamination.

Pam Moore, DDS  
**Nitrous Oxide Monitoring/ Certification for Auxillaries**  
Audience: A,H  
Time: 8:00 a.m.-12:00 p.m. and 1:00-5:00 p.m. (all day)  
Fee: $155* Early Bird | $165* After July 10  
Course # F03  
CE Hours: 8 technical and/or scientific  
CE requirements differ from state to state; check with your state for specific requirements.  
REGISTRATION DEADLINE FOR THIS COURSE IS JULY 15, 2021.

*Attendees are required to download, print and bring the study guide to this workshop. Study guides will not be provided on-site. Attendees must bring their state ID card or driver’s license, a highlighter and two (2) #2 sharpened pencils. Upon completion of this course the attendee will be administered the required exam.

A valid email address is mandatory. Attendees will be contacted for additional REQUIRED information and notified when the study guide is available for download.

AGD Subject Code: 163

**Learning Objectives**  
- Become familiar with the history and pharmacology of nitrous oxide.  
- Review anatomy and physiology.  
- Understand the stages of anesthesia/sedation.  
- Gain knowledge of patient monitoring and managing potential complications.  
- Review safety for staff and patient.  
- Understand infection control and legal considerations.
FRIDAY COURSES

PEDIATRIC SYMPOSIUM

Tracey Nguyen, DDS

Dental Screening Tools and Intervention Strategies for Airway Management

Audience: ALL
Time: 8:30-11:30 a.m.
Fee: $30 Early Bird | $40 After July 10
Course # F20
CE Hours: 3 technical and/or scientific
AGD Subject Code: 160/430

Learning Objectives
• Understand how to recognize common malocclusion that have co-morbidities to sleep and airway diseases.
• Become familiar with common screening tools and digital images available.

Tracey Nguyen, DDS

Who You Need on Your Airway Team

Audience: ALL
Time: 1:30-4:30 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # F35
CE Hours: 3 technical and/or scientific
AGD Subject Code: 160/430

Learning Objectives
• Understand the goals of dental airway management to properly communicate with other specialists and develop an interdisciplinary team.
• Explore various orthodontic tools in airway management for all ages.
• Discover how to market your practice via social media.
• Learn how to manage your airway team.

Trisha O’Hehir, MS, RDH

LipZip: Breathe Better to Live Better

Audience: ALL
Time: 9:00 a.m.-12:00 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # F24
CE Hours: 3 technical and/or scientific
AGD Subject Code: 160/431

Presented in part with an educational grant from Waterpik.

Learning Objectives
• Understand oxygen absorption differences between nasal and mouth breathing.
• Describe early habits that lead to mouth breathing and long face syndrome.
• Recognize tongue function and the impact of ankyloglossia.
• Learn how to screen patients for correct resting tongue posture.
• Implement a three-step process to help mouth breathers revert to nose breathers.
Trisha O’Hehir, MS, RDH
Why Do Gums Bleed? The Impact of Sugar on Systemic Health
Audience: ALL
Time: 2:00-5:00 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # F41
CE Hours: 3 technical and/or scientific
AGD Subject Code: 150

Learning Objectives
• Discover the false premise supporting the low-fat diet.
• Learn the truth about sugar’s role in oral and systemic health.
• Learn how to initiate conversations with patients about hidden sugars.
• Recognize the role of dental professionals in diet coaching.
• Explore the role of the sugar industry in covering up vital information.

Laci Phillips
Communications, Coding and Collections
Audience: ALL
Time: 1:00-4:00 p.m.
Fee: $20 Early Bird | $30 After July 10
Course # F29
CE Hours: 3 nontechnical
AGD Subject Code: 554

Learning Objectives
• Learn new communication techniques to ensure patients are educated and compliant.
• Review new coding and collections efficiencies.
• Differentiate between a Patient Focused Office and an insurance driven practice.

William Robbins, DDS, MA
Global Diagnosis - A New Vision of Dental Diagnosis and Treatment Planning
Audience: D,A,H,T
Time: 8:30-11:30 a.m.
Fee: $30 Early Bird | $40 After July 10
Course # F22
CE Hours: 3 technical and/or scientific
AGD Subject Code: 250

Learning Objectives
• Explore four Global Diagnoses.
• Learn the “5 CORE Questions” with their corresponding treatment options.
• Understand how to communicate with the interdisciplinary team.
William Robbins, DDS, MA

Global Diagnosis and Digital Smile Design - A New Synergy
Audience: D,A,H,T
Time: 1:30-4:30 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # F37
CE Hours: 3 technical and/or scientific
AGD Subject Code: 250

Learning Objectives
• Understand the mechanics of the Digital Smile Design concept.
• Learn how to implement the Digital Smile Design concept.
• Evaluate the Global Diagnosis system.
• Explore the unique synergy between the two concepts.

William Scarfe, BDS, MS

ABC’s of Panoramic Imaging
Audience: D,A,H
Time: 1:30-4:30 p.m.
Fee: $45* Early Bird | $55* After July 10
Course # F38
CE Hours: 3 technical and/or scientific

*Attendees will need to access an internet browser on their smartphone or laptop. Attendees will be instructed to go to https://www.menti.com and sign in using a Voter ID, which will be provided at the Workshop. Participants will be actively polled during the entire session to determine knowledge and reinforce concepts. All responses are anonymous and individual participants are not identified.

AGD Subject Code: 165

Learning Objectives
• Learn how to analyze and interpret panoramic images using a systematic step by step approach.
• Recognize and correlate regional anatomy with panoramic image presentation.
• Identify regional anomalies.
• Develop a radiologic differential diagnosis of common maxillofacial pathologies on panoramic images.
Thomas Sollecito, DMD

**Oral Cancer and Potentially Malignant Disorders**
Audience: D,A,H
Time: 9:00 a.m.-12:00 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # F25
CE Hours: 3 technical and/or scientific
AGD Subject Code: 730

**Learning Objectives**
- Explore the oral cavity and diagnose potentially malignant oral lesions (PMOL)/oral cancer.
- Recognize the risk factors for PMOL/oral cancer.
- Understand the role in monitoring these lesions.
- Understand the management of PMOL/oral cancer.
- Learn how to counsel your patients regarding their oral condition.

Thomas Sollecito, DMD

Audience: D,A,H
Time: 2:00-5:00 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # F42
CE Hours: 3 technical and/or scientific
AGD Subject Code: 730

**Learning Objectives**
- Evaluate the oral cavity and diagnose common oral mucosal diseases.
- Understand the relationship between systemic disease and its oral manifestations.
- Learn how to better manage those oral conditions with the latest therapeutics.
- Discover how to counsel your patients regarding their oral condition.

Thomas Viola, RPh, CCP

**Un-Break My Heart! Cardiovascular Disease, Dental Considerations and Patient Care Planning**
Audience: ALL
Time: 9:00 a.m.-12:00 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # F26
CE Hours: 3 technical and/or scientific
AGD Subject Code: 016

**Learning Objectives**
- Become familiar with the family of cardiovascular diseases and the complex interplay with systemic inflammation and co-morbid diseases.
- Review the classes of medications used in the treatment of hypertension along with their pharmacologic effects, adverse reactions and dental implications.
- Understand the mechanism of action of anticoagulants and antiplatelet agents including their adverse reactions and patient care considerations.
- Gain knowledge of treatment modifications and care planning strategies recommended for dental patients with cardiovascular disease.
Thomas Viola, RPh, CCP

It’s (Medically) Complicated! Essential Pharmacology for Treating Medically Complex Dental Patients

Audience: ALL

Time: 2:00-5:00 p.m.

Fee: $30 Early Bird | $40 After July 10

Course # F43

CE Hours: 3 technical and/or scientific

AGD Subject Code: 016

Learning Objectives

- Identify the prescription medications most frequently encountered on a patient’s medical history and discuss their indications for use, adverse reactions and impact on dental therapy.
- Explore the non-prescription medications most often used by dental patients and explain their impact on dental therapy, including situations which preclude their use.
- Recognize the most popular herbal products and nutritional supplements and discuss their purported uses and dental considerations.
- Understand the most common substances of abuse and describe their oral manifestations and dental treatment considerations.
John Wallace, DDS, MD

Digital Implant Workflow: From Consult to Completion

Audience: D,A

Time: 1:30-4:30 p.m.

Fee: $30 Early Bird | $40 After July 10

Course # F39

CE Hours: 3 technical and/or scientific

AGD Subject Code: 690

Learning Objectives

- Discover origin and technology that has led to dental office based navigated surgery for implants.
- Research supporting accuracy and use of navigated surgery for dental implants.
- Evaluate pros and cons, including cost analysis, of navigated surgery vs other forms of surgical implant delivery including freehand.
- Review a survey of current US systems available to dentists.
- Become familiar with use of third party planning software for integration and preparation for navigated surgery, including predictive implant placement, interoffice communication and virtual “wax-up” for implant position planning.
- Understand navigation in surgery, including examples of single units, multiple units for short span bridge and full-arch cases (dentulous and edentulous).
- Explore immediate temporary applications, including single unit temporary shells, 24 hour screw retained temps and full-arch temporary teeth.
- Observe final restoration methods using various digital technologies for digital impressions.
HIGHLIGHTS
SATURDAY, AUGUST 21

Medical Emergencies in the Dental Office – Medical Emergencies in LIFE!
Mel Hawkins, DDS
8:00-11:00 a.m.

Powerful Partnership – Build a Strong Dentist-Hygienist Relationship for a Thriving Practice
Rachael Wall, RDH, BS
8:00-11:00 a.m.

A Systemic Approach to Periodontal Classifications and Treatment
Maryanne Butler, DDS, MS
8:30-11:30 a.m.

21st Century Laser-Assisted Dentistry Workshop
Anthony Cardoza, DDS
1:00-4:00 p.m.

Vaccine Recommendations: Science, Success and Myths
John Molinari, PhD
1:00-4:00 p.m.

Seven Secrets to Living Well!
Pamela Smith, RDN
1:30-4:30 p.m.

Perfect Photographs? Learn Portrait and Intra-Oral Photography Workshop
George Zehak, DDS
1:30-4:30 p.m.
### Steven Bender, DDS

**Wake Up Your Practice! An Introduction to Sleep Medicine for the Dental Team**

- **Audience:** D,A,H  
- **Time:** 8:30-11:30 a.m.  
- **Fee:** $30 Early Bird | $40 After July 10  
- **Course # S18**  
- **CE Hours:** 3 technical and/or scientific  
- **AGD Subject Code:** 160

**Learning Objectives**
- Understand the basic components of sleep.  
- Become familiar with the more common sleep disorders, including sleep bruxism.  
- Learn to screen for sleep disorders using validated questionnaires, physical examination and take-home devices.  
- Become familiar with the treatment options for sleep disordered breathing.

---

### Steven Bender, DDS

**Practical Application of Oral Appliance Therapy for Sleep Breathing Disorders Workshop**

- **Audience:** D,A,H  
- **Time:** 1:00-4:00 p.m.  
- **Fee:** $175 Early Bird | $185 After July 10  
- **Course # S05**  
- **CE Hours:** 3 technical and/or scientific  
- **AGD Subject Code:** 160

Thanks to Airway Management for providing supplies and equipment for this workshop.

**Learning Objectives**
- Understand the basic mechanisms of oral appliance therapy.  
- Learn how to determine with patients may respond the most favorably to oral appliance therapy.  
- Become familiar with how to fabricate a morning repositioning device.  
- Review how to take a protrusive bite registration.  
- Explore how to fabricate a chairside mandibular advancement device.

---

### Brian Butler, DDS, MS

**Anterior Esthetics with Dental Implants**

- **Audience:** D,A  
- **Time:** 8:00-11:00 a.m.  
- **Fee:** $30 Early Bird | $40 After July 10  
- **Course # S09**  
- **CE Hours:** 3 technical and/or scientific  
- **AGD Subject Code:** 690

**Learning Objectives**
- Learn diagnosis and treatment planning for anterior esthetics.  
- Explore the use of surgical guides for ideal placement.  
- Utilize provisional restorations to manage and shape the soft tissue emergence.  
- Learn how to achieve esthetic final implant restorations.

---

### Brian Butler, DDS, MS

**Cement vs. Screw Retained Implant Restorations**

- **Audience:** D,A  
- **Time:** 1:00-4:00 p.m.  
- **Fee:** $30 Early Bird | $40 After July 10  
- **Course # S27**  
- **CE Hours:** 3 technical and/or scientific  
- **AGD Subject Code:** 690

**Learning Objectives**
- Learn diagnosis and treatment planning protocols.  
- Recognize abutment and restoration choices.  
- Evaluate cementation choices and technique.  
- Identify complications with both choices.  
- Learn to manage implant complications with loose abutments and broken screws.  
- Understand how to restore an implant with the technique of implant naturalization.
SATURDAY COURSES

Maryanne Butler, DDS, MS
A Systemic Approach to Periodontal Classifications and Treatment
Audience: D,A,H
Time: 8:30-11:30 a.m.
Fee: $30 Early Bird | $40 After July 10
Course # S19
CE Hours: 3 technical and/or scientific
AGD Subject Code: 135/490/492/693

Learning Objectives
• Identify, diagnose and classify mucogingival diseases.
• Understand when a mucogingival disease needs intervention and/or referral.
• Identify, diagnose and classify periodontal disease.
• Identify, diagnose and classify peri-implant mucositis and peri-implant disease.
• Become familiar with peri-implant mucositis and when peri-implant disease needs intervention and/or referral.

Maryanne Butler, DDS, MS
Trends and Truth
Audience: D,H
Time: 1:30-4:30 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # S35
CE Hours: 3 technical and/or scientific
AGD Subject Code: 344/490/509

Learning Objectives
• Review the “hot topics” (oil pulling, lasers, essential oils, vaping, marijuana, hydrogen peroxide and flossing) in the news that affect our patients.
• Identify the literature and the evidence behind the topics and discover trend or truth.
• Learn how to discuss the “truth” behind the topics with our patients.

Anthony Cardoza, DDS
21st Century Laser-Assisted Dentistry
Audience: D,H
Time: 8:00-11:00 a.m.
Fee: $30 Early Bird | $40 After July 10
Course # S10
CE Hours: 3 technical and/or scientific
AGD Subject Code: 135

Learning Objectives
• Understand basic laser safety and physics.
• Learn clinical applications of dental hard and soft tissue lasers.
• Employ common laser dental hygiene applications.

</table>

**Learning Objectives**

- Understand basic laser safety and physics.
- Learn clinical applications of dental hard tissue and soft tissue lasers.
- Learn to incorporate the laser (hands on) in a simulated dental hard and soft tissue environment.

| **Jacqueline Plemons, DDS, MS**  |
| **Oral Medicine in Private Practice - How to Make it Work for You and Your Patients**  |
| 12:30-1:30 p.m.  |
| AGD Subject Code: 730  |

| **Ruben Ovadia, DDS, MS**  |
| **Innovations in Periodontics Using PRF Technology**  |
| 1:30-2:30 p.m.  |
| AGD Subject Code: 490  |

| **Dan Bishop, DDS, MS, PhD**  |
| **Cracks, Fractures and Pain... Oh My!**  |
| 2:30-3:30 p.m.  |
| AGD Subject Code: 070/077  |

| **Andrew Read-Fuller, DDS, MD**  |
| **Evaluation and Management of Odontogenic Infections**  |
| 3:30-4:30 p.m.  |
| AGD Subject Code: 310/317  |
**HYGIENE CE EXPRESS**

Audience: D,A,H
8:00 a.m.-12:00 p.m.
$50 Early Bird | $60 After July 10
(includes all four courses)
Course #502
CE Hours: 4 technical and/or scientific
Co-sponsored by the Dallas Dental Hygienists’ Association.

**Leah Spittle, RDH, BSDH**
"Dying from Dirty Teeth?" Rapid Oral Health Decline in Seniors
8:00-9:00 a.m.
AGD Subject Code: 752

**Jennifer Swetmon, MS, RDH**
Patient Management: Dental Radiographs and the Gag Reflex
9:00-10:00 a.m.
AGD Subject Code:

**Mary Vu, RDH, MS**
Ergonomics: Aligning Your Body With Your Career
10:00-11:00 a.m.
AGD Subject Code: 012/770

**Audrey Stansbury, DDS**
Deleterious Effects of Bruxism (Bruxism is BAD!)
11:00 a.m.-12:00 p.m.
AGD Subject Code: 180

---

**Thomas Dudney, DMD**
Audience: D,A,H
Time: 8:30-11:30 a.m.
Fee: $30 Early Bird | $40 After July 10
Course #520
CE Hours: 3 technical and/or scientific
AGD Subject Code: 017/250

**Learning Objectives:**
- Identify the factors affecting material selection.
- Evaluate monolithic vs layered restorations.
- Learn about combining aesthetics and function with emax lithium disilicate.
- Learn advantages and disadvantages of full contour zirconia.
- Become familiar with the benefits of the new universal adhesives.
- Understand which cements to use when and why.
- Recognize how to treat the tooth and restoration when conventionally cementing or adhesively bonding.
- Identify the long term benefits of bioactive cements.
Thomas Dudney, DMD

Be Aware of Wear: A Systematic Approach to Diagnosing, Treatment Planning and Restoring the Worn Dentition

Audience: D,A,H
Time: 1:30-4:30 p.m.
Fee: $30 Early Bird | $40 After July 10
Course #S36
CE Hours: 3 technical and/or scientific
AGD Subject Code: 184/250

Learning Objectives:
• Recognize the clinical signs of intrinsic and extrinsic erosion.
• Review office protocols to help patients prevent and/or treat acid erosion.
• Recognize the clinical signs of horizontal and vertical wear patterns.
• Gain knowledge of designing an occlusal scheme that fits and grinding patterns of the patient.
• Evaluate bite opening vs crown-lengthening vs orthodontic intrusion to gain space for restorations.
• Understand the importance of an interdisciplinary team in treating wear cases.
• Implement a systematic approach in the treatment of simple to complex wear cases.

John Flucke, DDS

Scrabble and Alphabet Soup – Bringing Simplicity to Cone Beam Technology

Audience: D,A,H
Time: 8:30-11:30 a.m.
Fee: $30 Early Bird | $40 After July 10
Course # S21
CE Hours: 3 technical and/or scientific
AGD Subject Code: 165

Learning Objectives:
• Become familiar with common CBCT terminology.
• Learn proper imaging resolutions.
• Understand advantages of 3D vs 2D radiography.

John Flucke, DDS

There’s No “D” Like “3D” – Cone Beam, Digital Impressions, Milling and 3D Printing in a Digital Practice

Audience: D,A,H
Time: 1:00-4:00 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # S28
CE Hours: 3 technical and/or scientific
AGD Subject Code: 165

Learning Objectives:
• Understand advantages of digitally acquired impressions.
• Learn about different manufacturers and models.
• Recognize why 3D printing will change dentistry.
**Jim Grisdale, DDS**

**Key Essentials for Successful Bone Grafting Techniques for Socket Preservation and Augmentation for Implants and Restorative Dentistry: The Basics and Future Trends**

**Audience:** D  
**Time:** 8:00-11:00 a.m.  
**Fee:** $30 Early Bird | $40 After July 10  
**Course #** S11  
**CE Hours:** 3 technical and/or scientific  
**AGD Subject Code:** 490/499  

**Learning Objectives**
- How to correctly diagnose and treatment plan for soft and hard tissue defects.  
- Explore predictable techniques for socket preservation and ridge augmentation.  
- Determine when and where to use different flap designs.  
- Investigate which graft materials to use, when and how to incorporate membranes for successful socket preservation and ridge augmentation.  
- Discover future trends for predictable soft and hard tissue grafting techniques.

**Jim Grisdale, DDS**

**Predictable Bone Grafting for Site Preparation: Implants and Restorative Dentistry Workshop**

**Audience:** D  
**Time:** 1:00-4:00 p.m.  
**Fee:** $225* Early Bird | $235* After July 10  
**Course #** S07  
**CE Hours:** 3 technical and/or scientific  
*Attendees should bring loupes with a head light. A model will be provided for each attendee to take home after the course.*  
**AGD Subject Code:** 490/499

**Learning Objectives**
- Learn diagnosis and treatment planning for socket preservation and ridge augmentation.  
- Explore when and how to perform atraumatic extractions.  
- Recognize the criteria to select the appropriate grafting material.  
- Determine how to select and work with different membranes.  
- Learn how to select the correct flap designs for all procedures.

**Mel Hawkins, DDS**

**Medical Emergencies in the Dental Office - Medical Emergencies in LIFE!**

**Audience:** ALL  
**Time:** 8:00-11:00 a.m.  
**Fee:** $30 Early Bird | $40 After July 10  
**Course #** S12  
**CE Hours:** 3 technical and/or scientific  
**AGD Subject Code:** 142

**Learning Objectives**
- Appreciate the differences between true emergencies, urgencies, annoyances and non-events.  
- Comprehend the pharmacology of a very few drugs including oxygen and make an emergency kit.  
- Consider the physiological differences between the adult, the child and the senior citizen.  
- Assess case reports in the dental office and in day-to-day life.  
- Acquire confidence in the standard approaches for any emergency by knowing syncope management and by doing mock simulations.
Anne Koch, DMD

Safety and Simplicity in Root Canal Instrumentation Workshop (repeat)

Audience: D
Time: 8:00-11:00 a.m.
Fee: $175* Early Bird | $185* After July 10
Course # S04
CE Hours: 3 technical and/or scientific
*Attendees should bring any accessed, extracted teeth you may want to work on.
AGD Subject Code: 070

Learning Objectives
• Understand the need to combine the latest technology with long established, evidence-based endodontic principles.
• Incorporate the need to utilize piezoelectric ultrasonics in both access and three-dimensional irrigation.
• Explore the benefits of bioceramic obturation and the incorporation of matching posts.

Presented in part with an educational grant from Brasseler USA and RealWorld Endo.
THE MAC CLASS
(MASTER ASSISTANT CLASS)

Edwin (MAC) McDonald III, DDS
The Exceptional Assistant - Turning the Ordinary Into the Extraordinary Everyday

Part I: The Seamless Appointment
Audience: ALL
Time: 8:00-11:00 a.m.
Fee: $30 Early Bird | $40 After July 10
Course # 513
CE Hours: 3 technical and/or scientific
AGD Subject Code: 017/550

Learning Objectives
- Explore why the mission, vision and values of the practice are important to you.
- Learn how to create powerful partnerships with your doctor and team.
- Establish agreements and systems for clinical procedures and clinical preparation.
- Review clinical systems showcase: cross training, six handed dentistry and impressions.
- Become familiar with designing and executing the seamless clinical appointment.
- How to become an advocate for the patient.

Edwin (Mac) McDonald III, DDS
The Exceptional Assistant - Turning the Ordinary Into the Extraordinary Everyday

Part II: Building Clinical Competency
Audience: ALL
Time: 1:00-4:00 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # 529
CE Hours: 3 technical and/or scientific
AGD Subject Code: 017/250

Learning Objectives
- Recognize the materials and techniques of composite resin and bonding.
- Review the materials and techniques of a single crown.
- Understand the fundamentals of esthetics and function for dental assistants.
- Learn how to design and build a beautiful provisional crown every time.
- Explore local anesthesia for assistants.
### Tom McGarry, DDS

**Positioning Implants to Achieve Predictable Restorative Success**

**Audience:** D,A  
**Time:** 9:00 a.m.-12:00 p.m.  
**Fee:** $30 Early Bird | $40 After July 10  
**Course #** S25  
**CE Hours:** 3 technical and/or scientific  
**AGD Subject Code:** 610  

**Learning Objectives**
- Understand anatomic limitations – CBCT technology with computer aided diagnosis software can now identify preoperatively potential limitations to ideal implant positioning.
- Explore types of implant restorations—single crowns, cemented or screw retained, multi-unit fixed restorations, overdentures and complete arch fixed restorations.
- Learn about abutment selection for all types of restorations including material choices and restorative material options for all types of restorations.

### Tom McGarry, DDS

**Merging Technology into Your Practice**

**Audience:** D,A  
**Time:** 1:30-4:30 p.m.  
**Fee:** $30 Early Bird | $40 After July 10  
**Course #** S37  
**CE Hours:** 3 technical and/or scientific  
**AGD Subject Code:** O17/165  

**Learning Objectives**
- Learn how to create pathways to adopt the newest technologies.
- Utilize intraoral scanning to increase predictability.
- Understand how to select the newest materials to maximize technology.

### John Molinari, PhD

**Occupational Respiratory Infectious Diseases: Aerosols, Spatter and Precautions**

**Audience:** ALL  
**Time:** 8:00-11:00 a.m.  
**Fee:** $30 Early Bird | $40 After July 10  
**Course #** S14  
**CE Hours:** 3 technical and/or scientific  
**AGD Subject Code:** 148  

**Learning Objectives**
- Investigate the impact of emerging and re-emerging respiratory infectious diseases.
- Review representative viral and bacterial diseases, including influenza, tuberculosis, pertussis, and bacterial pneumococcal pneumonia.
- Understand how influenza pandemics develop and the impact of influenza pandemics.
- Comprehend occupational risks presented to dental health care professionals by these diseases.
- Explore how to apply appropriate infection control precautions to minimize the potential for occupational cross-infection.
SATURDAY COURSES

John Molinari, PhD

Vaccine Recommendations: Science, Success and Myths
Audience: ALL
Time: 1:00-4:00 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # S30
CE Hours: 3 technical and/or scientific
AGD Subject Code: 148

Learning Objectives
- Comprehend the overall impact vaccinations have had in protecting the population against many infectious diseases.
- Discuss the latest CDC vaccine recommendations for health care professionals.
- Understand the rationale for other representative vaccination recommendations, including human papilloma virus infections.
- Describe the dangers of public misperceptions against vaccines.

Laci Phillips

Systems Teams Technology
Audience: ALL
Time: 8:30-11:30 a.m.
Fee: $20 Early Bird | $30 After July 10
Course # S22
CE Hours: 3 nontechnical
AGD Subject Code: 550/561

Learning Objectives
- Learn the Standard Operating Procedure and discover which systems you are currently in need of.
- Recognize what you need to have a healthy and happy team.
- Ensure current technology is creating efficiencies in your office.

Laci Phillips

Your Practice Through the Patients Eyes
Audience: ALL
Time: 1:00-4:00 p.m.
Fee: $20 Early Bird | $30 After July 10
Course # S31
CE Hours: 3 nontechnical
AGD Subject Code: 550

Learning Objectives
- Discover your office in a new prospective, both external and internal views.
- Learn which reports to run to find out if your target audience is who you thought they would be.
- Gain insights from a patient’s perspective, what do they see and hear.

Pamela Smith, RDN

Winning the War Against Inflammation
Audience: ALL
Time: 8:30-11:30 a.m.
Fee: $30 Early Bird | $40 After July 10
Course # S23
CE Hours: 3 technical and/or scientific
AGD Subject Code: 150

Learning Objectives
- Identify the impact of stress hormones and neurochemicals on inflammation.
- Understand the anti-inflammation therapeutics of optimal nutrition, exercise, and lifestyle.
- Discover the planet’s healthiest diets and their overall wellness impact.
Pamela Smith, RDN

Seven Secrets to Living Well!

Audience: ALL
Time: 1:30-4:30 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # S38
CE Hours: 3 technical and/or scientific
AGD Subject Code: 150

Learning Objectives
- Identify the chemistry behind fatigue, hormonal imbalance, and decreased immunity.
- Understand stress hormones, neurochemical imbalance and the components that impact the inflammatory response.
- Discover the key strategies to defuse negative health and well-being outcomes.

Thomas Viola, RPh, CCP

Up in Smoke! Will Cannabis Replace Opioids in the Management of Acute Dental Pain?

Audience: ALL
Time: 9:00 a.m.-12:00 p.m.
Fee: $30 Early Bird | $40 After July 10
Course # S26
CE Hours: 3 technical and/or scientific
AGD Subject Code: 016

Learning Objectives
- Review the pharmacology and mechanism of action of opioid and non-opioid analgesics.
- Gain knowledge of the pharmacology, mechanism of action, routes of administration, adverse effects and dental considerations of cannabis.
- Identify the most current statistics on the opioid crisis in the United States.
- Understand the management of opioid addiction, including the purported uses of cannabis in this regard.
- Explore the proposed intended role of cannabis, with and without opioid analgesics, in the management of acute dental pain.
Rachel Wall, RDH, BS

**Powerful Partnership - Build a Strong Dentist-Hygienist Relationship for a Thriving Practice**

Audience: D,A,H  
Time: 8:00-11:00 a.m.  
Fee: $30 Early Bird | $40 After July 10  
Course # S16  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 495

**Learning Objectives**
- Discover how to calibrate treatment philosophies and fast-track hygienist confidence with collaborative diagnosis.
- Learn how to improve communication skills that build the Dentist-Hygienist relationship resulting in better case acceptance.
- Learn strategies for improved collaboration in real-life clinical situations.

Rachel Wall, RDH, BS

**Know Your R.O.H. - Uncovering the Potential of Your Hygiene Team**

Audience: D,A,H  
Time: 1:00-4:00 p.m.  
Fee: $30 Early Bird | $40 After July 10  
Course # S33  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 495

**Learning Objectives**
- Learn how hygiene treatment and compensation principles create healthy, long-term hygiene profitability.
- Review a specific formula for determining your practice’s periodontal care potential based on patient needs.
- Discover three easy, actionable leadership principles you MUST implement to dramatically increase clinical treatment in hygiene.
- Understand why your digital reminders may not be working.
ORTHODONTIC SYMPOSIUM

Larry White, DDS

Examining the Orthodontic Canon or Half of What You Know about Orthodontics is Wrong
Audience: D,A

Edwin (Mac) McDonald III, DDS

The Exceptional Assistant - Turning the Ordinary Into the Extraordinary Everyday
Part I: The Seamless Appointment
8:00-11:00 a.m.
Course # S13

This half day lecture focuses on building the partnerships within the practice that will lead to exceptional patient experiences and a more meaningful assisting career. These critical partnerships are grounded in the agreed upon values of the practice. From these foundational values, you will learn how to build agreements and execute systems that reflect the standards, protocols, and objectives that are important to the practice performance. You will achieve an expanded view of what is possible for you in your role as a chair side dental assistant, a leader in your practice and an advocate for your patient.

The Exceptional Assistant - Turning the Ordinary Into the Extraordinary Everyday
Part Two: Building Clinical Competency
1:00-4:00 p.m.
Course # S29

This program is designed to build your competence and confidence in the clinical techniques, materials, and instruments that are required in the most common procedures of a general practice. It will showcase the best of the best materials and products of 2021. Each clinical topic will focus on the skills and knowledge that illustrate the critical role of an assistant in achieving successful outcomes. Those skills will lower stress and increase the predictability and productivity of routine clinical procedures. This half day lecture is designed to help you build the skill sets that allow you to work more independently and add more value to the practice. It will be informative for expanded function dental assistants as well as those assistants that are newer in their career.

See page 52 for more information.

SATURDAY, AUGUST 21

LARRY WHITE, DDS

Examining the Orthodontic Canon or Half of What You Know about Orthodontics is Wrong
Time: 8:00-11:00 a.m.
Course # S15

Many of the currently taught and believed features of orthodontic diagnosis, treatment planning and therapy have no factual basis even though several published articles exist that deny their value and offer useful and preferable alternatives. This examination of those features of the orthodontic canon will describe the discrepancies in the common canon and offer more useful substitutes for clinical application.

Great Pearls of Orthodontics
Time: 1:00-4:00 p.m.
Fee: $30
Course # S32

Dr. White will offer a collection of orthodontic and dental pearls that he has spent more than 60 years collecting from all over the world that he continues to use daily in his practice.

See page 57 for more information.
FRIDAY, AUGUST 20

TRACEY NGUYEN, DDS

Dental Screening Tools and Intervention Strategies for Airway Management
8:30-11:30 a.m.
Course # F20

You will learn how to recognize common malocclusion that have co-morbidities to sleep and airway diseases, and understand common screening tools and digital images available.

Who You Need on Your Airway Team
1:30-4:30 p.m.
Course # F35

You will understand the goals of dental airway management to properly communicate with other specialists and develop an interdisciplinary team and explore various orthodontic tools used in airway management for all ages. You will also learn how to manage your airway team and to market your practice via social media.

See page 38 for more information.

CITYWIDE THINGS TO SEE & DO

Dallas Zoo
Named one of “10 Amazing Zoos in the World,” the Dallas Zoo is the largest zoological experience in Texas. www.dallaszoo.com

The Katy Trail
The Katy Trail runs through the densest part of our city, offering runners, bikers, hikers and others a great place to enjoy the outdoors. The Katy Trail runs from the West End/American Airlines Center in the south, through the heart of urban Dallas up to SMU and Mockingbird DART Station in the north. katytraildallas.org

Perot Museum of Nature and Science
Opened in 2012, this museum is a popular hands-on learning experience with interactive components on all four floors. With 11 permanent exhibit halls in the heart of Dallas, the Perot Museum of Nature and Science provides an unforgettable experience for guests of all ages. www.perotmuseum.org

Sixth Floor Museum
The Sixth Floor Museum at Dealey Plaza (former Texas School Book Depository) presents the social and political landscape of the early 1960s, chronicles President Kennedy’s assassination and its aftermath, and reflects upon his lasting impact on our country and world.

Use D-Link and the Trolley to spend time in Dallas without spending a dime!
Use D-Link to explore Dallas’ arts, fun, culture and dining. Check out the Dallas Arts District and much more across downtown Dallas. Buses run every 15 minutes (10:30 a.m. - 9:30 p.m.) seven days a week. Service provided by DART, Downtown Dallas, Inc. and the City of Dallas. Hop on the McKinney Avenue Trolley that takes you through Downtown, The Dallas Arts District and Uptown. Look for the “M-Line” maroon sign that’s located at all the stops along the route and track the trolley to see when its near.

WWW.VISITDALLAS.COM
In Dallas, you can expect big things. Dallas offers the best shopping in the Southwest, a cutting-edge culinary scene, 14 exciting entertainment districts, the nation’s largest urban arts district and impressive accommodations. The metroplex is the #1 visitor destination in Texas!

Klyde Warren Park
The newly opened 5.2 acre deck park is an urban green space built over Woodall Rodgers Freeway to connect Uptown, Downtown and the Arts District. www.klydewarrenpark.org

Bishop Arts District
Once one of Dallas’ best hidden treats, this two-block former warehouse area sit in the Oak Cliff neighborhood of South Dallas. It’s home to more than 60 boutiques, restaurants, bars, coffee shops and galleries, making it one of Dallas’ most unique districts. www.bishopartsdistrict.com

Trinity Groves
The 15-acre restaurant, retail, artist and entertainment destination sits at the base of the Margaret Hunt Hill Bridge in West Dallas. This ultimate foodie destination has everything from BBQ to sushi to Italian to southern comfort food and is home to the Restaurant Concept Incubator program, which encourages culinary entrepreneurs to develop restaurant concepts. www.trinitygroves.com

The Dallas Arboretum & Botanical Gardens
The Dallas Arboretum and Botanical Gardens was created to preserve history and nature. www.dallasarboretum.org

Dallas World Aquarium
View exotic birds, lounging sloths, a wide array of animals in the many conservation projects and a vast aquarium portion. www.dwazoo.com

GeO-Deck at Reunion Tower
At 470 feet up you’ll experience breathtaking 360-degree panoramic views, high-definition zoom cameras, interactive touch screens, telescopes, a free digital photo and an indoor/outdoor observation deck that lets you see for miles in any direction. iontower.com

Deep Ellum
Deep Ellum introduced jazz and blues to Dallas in the 1920s. Today, the neighborhood’s rich musical history still beats on with live music venues alongside trendy dining spots and bars, unique shops and striking art installations and murals. www.DeepEllumTexas.com
