

*With one of our Immediate Benefit Whole Life Insurance Plans, your coverage is the full face amount from the moment the application is approved, the first premium is honored by the bank, and the policy is issued. These policies cannot be cancelled by Blake Insurance Group except for the non-payment of premiums, and we have a variety of these plans for clients ranging from those with no health issues to those with moderate health issues. With an Immediate Benefit Plan, you have full coverage from day one.*
