## Most Popular Programs for Financial Professionals

### 7 Simple Rules for Making Slides that Make Sense

Make more influential slides with the skills you already have

### 7 Language Secrets for Making a Positive Lasting Impression

Make them remember you and your message (in a good way)

### 7 Secrets for Presenting Confidence (Even When Your Knees Shake)

You can present with confidence, influence, and authority

Programs focus on providing practical, doable tactics using real-world examples from the organizer and zeroing in on three components:

- 1. The What:** Wendy describes what to do in simple, understandable language using relevant examples that resonate with audiences.
- 2. The Why:** Wendy's tips aren't mere opinion. She shares just enough of the scientific support for her tips for you to have complete confidence that the strategies are tried and true.
- 3. The How:** many programs stop short of showing audiences HOW to do it. Wendy's programs include specific, well-documented how-to's so audiences leave with step-by-step instructions for how to apply the tips, secrets, and/or rules.
