Dear Parents

Thank you for the unwavering courage and cooperation you have shown during the present unusual circumstances which continue to put pressure on our lives. We wish your families remain safe and secure.

The school's efforts to keep our children's learning going on through online classes have been successful. Congratulations to all students! Those who were not able to attend the classes will be supported by the school in multiple ways as and when they are able to access to the school. However, please make an efforts to make arrangements to avail the online classes and study materials.

The first phase of the online classes has come to an end on May 29th 2020 and the students are given a short break until June 20th 2020.

The holiday assignments are provided for all students through our school website / school APP. The parents are requested to download the assignments for the students to complete and submit them without fail.

The online classes for the second phase or reopening of the school will be informed as per the government directives.

Readmissions to the academic year 2020-21 will be resumed from 1st June 2020.
The parents who have not yet paid the first instalment are requested to readmit their wards without further delay.

Once again, we would like to assure you that we will be assisting you throughout the entire process of e-learning to resolve any problems or difficulties you may be facing. Please contact the school for any clarification and queries.
