

Please be aware, we are working to update our website and literature with recent changes in door finish availability.

Due to vendor shortages and delays, please confirm thermofoil and laminate door finish availability with your sales representative.

Currently we are not accepting new orders for Dove Grey and Steel Grey thermofoil.

Thermofoil finish Olivewood has been replaced with a very similar color named Baritone .

We apologize for the inconvenience and we are actively working to find replacements to announce very quickly.
