How to Order Pipe Repair Services

1. Please send us an email with a list of services that you would like performed for each pipe. Attach pictures if possible to help us give you the best quote and to make suggestions.
2. If you do not see a specific repair listed in our price quote, please ask for a quote and details on the repair.
3. All repairs will returned via USPS insured package. Shipping is not included in the above price quotes and will be added to the final invoice based on weight and location.
4. Fill out the Fox's Briar Shop Repair Form (sent in email) and include it in the box with your pipes.
5. Once we receive your pipes, we will evaluate the pipes and your service request and send you a final quote and contact you with any details or questions.
6. Once the final quote and all details are approved by you, you will be provided with an estimated production time for your order.
7. You will be notified of any issues or changes that come up and the tracking number when your pipe(s) are shipped.
8. Your invoice will be sent to your email when all work is complete. Payment is due before your order is shipped.

Please send all correspondence to sales@foxsbriashop.com.

The illustration below will help you when describing the parts of your pipe and the repairs you would like performed.
