“Resilient Gods and Resilient Churches: 21st Century Surprises”

Much of the speculation about the future of religion in Canada in the last half of the 20th century featured secularization and demise scenarios. Now, almost one-quarter of the way into the new century, it is apparent that such gloom and doom forecasts were inaccurate. Religion has a prominent, if not unrivalled place, in Canadian life. And the best may be yet to come.

Dr. Bibby will offer a signing session of his newest books *Resilient Gods*, *Canada's Catholics* and *The Millennial Mosaic* that evening.
