

Introduce a Girl to Engineering!

Event Information

As protecting the environment becomes more important, people are asking, "What can I do to help?" Everyone can do their part by using fewer natural resources and recycling more. Engineers have the exciting challenge of finding ways to prevent more pollution and to clean up existing pollution.

For their 7th Annual *Introduce a Girl to Engineering Day*, Nitsch Engineering has partnered with the [New England Aquarium](#), [The Rose Fitzgerald Kennedy Greenway Conservancy](#), and the [Boston Water and Sewer Commission](#) to present a program that shows girls **how engineers protect and improve one of our environment's most important resources — water!**

When: Tuesday, May 13, 2008
9 a.m. to 1:15 p.m.

Who: Girls from 6th to 12th grade
An adult is welcome to accompany each girl.

Where: New England Aquarium, Boston, MA
Directions and parking information can be found by visiting http://www.neaq.org/visit_planning/maps_directions_and_parking/index.php.
We encourage you to take public transportation, since parking near the Aquarium is expensive — plus, taking public transportation is better for the environment!

Schedule

9:00 a.m.	Registration and Continental Breakfast
9:30 a.m.	Icebreaker Activity
10:00 a.m.	Welcome Remarks
10:30 a.m.	Engineering Fair
