

Get Excited About Green Energy!

Introduce a Girl to Engineering Day

Traditional energy sources like oil and coal are some of the leading pollutants that contribute to climate change. For our 9th Annual *Introduce a Girl to Engineering Day*, Nitsch Engineering is partnering with [Kid Wind](#), [First Wind](#), and [Vanderweil Engineers](#) to show girls how renewable energy sources can help reduce pollution and save the environment!

When: Wednesday, March 10, 2010, 9:15 AM to 1:30 PM

Who: Girls from 6th to 12th grade. An adult chaperone is welcome to accompany each girl.

Where: NEXUS Green Building Resource Center at 38 Chauncy Street in Boston. The event will take place on the 7th floor. We encourage you to take the MBTA, but discounted parking will be available at the nearby Hyatt. Directions and parking information can be found at: <http://www.nexusboston.org/visit-our-center/directions-and-hours>.

Schedule

9:15 AM	Registration, Continental Breakfast, and Icebreaker Activity
10:00 AM	Welcome Remarks
10:30 AM	<i>Girls:</i> Build a wind turbine and test its capacity! <i>Chaperones:</i> Get the inside scoop on the college admissions process!
12:00 PM	Tour of NEXUS Center
12:15 PM	Lunch and Panel Discussion with Women Engineers
1:00 PM	Awards Presentation
1:30 PM	Conclusion

RSVP

Space is limited and RSVPs are required, so please email rsvp@nitscheng.com by March 3, 2010. Please send the girl's name and grade in school; the name of chaperone (if any), and the email address where we can best reach you.

Don't forget to tell your friends!
