Growers for Growers

These plants are suitable for gardens, planters or fields. The new improved pack and flat design contains more soil, deeper cells, community watering and a feature that holds the packs upright even when they are separated and spaced in the flat. Each flat has 8 packs of 6 plants, except leeks and onion have about 40 plants.

Please order by full flats. They all have descriptive tags for easy identification and growing instructions. They are healthy and robust.

***New Varieties**
