

JoyCatchers' Mission

To help adults "catch joy"

The signature project for bringing joy into the lives of adults is The JoyCatchers Annual Holiday Tree Trim when friends, families, co-workers and non-profit organizations come together to decorate trees.

In the pandemic year 2020 with groups unable to gather, JoyCatchers created Individual Mini-Tree Decorating Kits for recipients to catch the joy of decorating their own personal tree.

About the Recipients

Recipients are individual adults as well as organizations and non-profits who give the trees to the adults, seniors and veterans they care for and serve. They may be healthy or ill or in hospice. They may be living alone, homeless, living with family or in a home or facility. They may be feeling lonely or alone.

The common thread that connects all these people is that they are adults in need of a little bit of joy in their lives.

About the Founder

JoyCatchers was created in 2006 by Charla King to honor her mother who shared her joy of giving to others, and her love of creating and holidays. Charla's background includes working and volunteering for non-profit organizations and for-profit companies along with a lifetime of joyously celebrating the holiday season.

About JoyCatchers

Since 2006, JoyCatchers volunteers have helped adults to 'catch joy' by decorating and bringing into their lives individually decorated, tabletop size artificial holiday trees. Most are delivered trimmed and ready to be enjoyed. Many are delivered to non-profits as a Tree Trim Activity for their seniors or veterans to decorate trees as a group activity or Community Service Project. In 2020, trees were delivered in JoyCatchers Individual Mini-Tree Decorating Kits.

This began as a simple idea combining tree trimming with thinking of others at what can be a particularly lonely time of year. The JoyCatchers Tree Project has grown from 35 trees in 2006 to 1,050 trees donated in 2019. Since its inception, 7,130 decorated trees have been donated through the efforts of caring people bringing joy to adults...one tree at a time.

I had a wonderful day with the JoyCatchers...my inner child had an opportunity to just "let loose" and enjoy the moment. I want to thank you for the experience.
