

Hand In Hand is looking for individuals who want to invest their gifts and talents in a Christ-centered Montessori environment.

Our mission is to advance the Kingdom of God through Christian Montessori by educating infants through adolescents to love, learn, and lead. In addition to being Christ-centered, we value constructivist education and collaboration between parents, students, faculty, staff and the wider community.

Our approximately 400 learners are spread over three campuses, each in their own unique setting.
