April 21, 2021

Dear Arbor Community,

As a community who cares deeply about each of our students and families,
As a community who believes that each and every person has the right to live and learn in a safe environment,
As a community who believes that educational opportunities have tremendous value and should be available to every individual, regardless of their background,
As a community who believes that an important role of education is to prepare our students to contribute to a future that is better than today,
As a community who strives to stand up for what is just and what is right....

We stand firmly in support of the members of our community who identify as Asian Americans & Pacific Islanders.

We condemn racism, hate, and discrimination, acknowledging their impact on the quality of life experiences for people who endure them.

We resolve to continue working towards organization-wide practices that are inclusive, welcoming, and supportive of students from diverse backgrounds, experiences, and needs.

We commit to being open to further dialogue, self-reflection, and growth, as we ourselves work to contribute to a better tomorrow.

Please reach out to our Diversity & Inclusivity Committee via the email addresses below with any concerns, thoughts, or suggestions.

Thank you for being part of The Arbor.

Sincerely,

Kim Megyesi, Executive Director
