

Cascade Investment Advisors, Inc. - 503 High Street - Oregon City, OR 97045

This month, Cascade decided to focus its charitable lending efforts to a group of budding entrepreneurs in Bolivia...

With an average annual income of just over \$2,800 and 64% of the population living below the poverty line, Bolivia remains the poorest country in South America despite being abundantly rich in mineral and energy resources.

We hope that by lending to groups like these ladies in Bolivia, we will be able to help to empower the local communities, particularly women.

Please join Cascade Investment Advisors in assisting developing world entrepreneurs by joining our Kiva team.

FEATURED LOAN: La Paz, Bolivia

This group in Bolivia "Siempre Alegres" (meaning Always Cheerful) requests their fifth microloan. Dominga, a married woman with 4 children, leads the group of 12 members. The members have various businesses including selling potatoes and potato flour, selling pigs, selling sheep, selling cattle, and food sales.

Today, Dominga has a business selling food. She says that she began this business on her own initiative upon observing her neighbors' needs to have a space for eating food. The loan will allow her purchase more vegetables wholesale. She will buy wholesale in the city of El Alto and then take it to market in her retail space.
