Sinignesigui Group FROM MALI

The leader of the group, Bougou is a 59-year-old from Mali. He is unable to read, however is very skilled at raising sheep. Bougou lives with his wife and 4 children. His group has requested \$3,750 USD in order to purchase more sheep to resell. He purchases sheep at the local market and resells them elsewhere. The profits he makes allow him to finance his childrens' schooling and support his basic family needs.

This month, Cascade Investment Advisors decided to focus its charitable lending efforts to a budding entrepreneur in Mali...

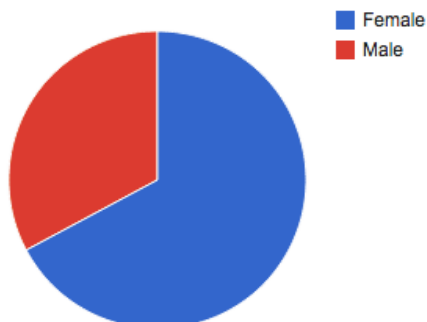

Although one of the poorest countries in the world, the landlocked West African country of Mali experienced rapid economic growth after the 1990s, along with a rise in democracy.

We hope that by lending to citizens like the Sinignesigui Group in Mali, we might be able to help the country continue to gain traction in its rising economy.

Please join Cascade Investment Advisors in assisting developing world entrepreneurs by joining our Kiva Team at Kiva.org, "The Microlending Fund." We support your efforts!
