Meet David

FROM UGANDA...

David is an honest, hardworking 45 year old with 4 children and 3 dependents he is taking care of, as they are orphans.

David is an agriculturalist and coffee farmer on a commercial farm. He owns about 10 hectares of coffee in his region. David also operates a retail shop within the town of Ibanda.

David has managed to put up rentals from income earned from coffee and also been able to support his family financially. He's requesting a loan of \$1,525 USD to buy organic fertilizers and tap water for his coffee plantation. He wants to be the leading supplier of coffee in his region.

This October, Cascade Investment Advisors decided to focus its charitable lending efforts to an entrepreneur in East Africa....

Since the late 1980's, the African country of Uganda has been busy rebuilding following years of civil war and economic catastrophe. Today the country is relatively peaceful and prosperous, largely thanks to its main exports, coffee and recently oil. Our hope is that our loan will help farmers like David support his family and community!

Please join us in assisting developing world entrepreneurs by joining our Kiva team at Kiva.org, "Cascade Investment Advisors. We support your efforts!"
