ABORTION IN THE US:
GET ANGRY.
GET ORGANIZED.
ABORTION IS STILL LEGAL IN ALL 50 STATES, DC AND PUERTO RICO.

Justice Alito's leaked draft is just that – a draft. As we prepare for the final decision on Dobbs v. Jackson and the state of Roe, we must also now mobilize for a fight of a lifetime.

Dobbs vs. Jackson is not just an attack on our reproductive rights and freedoms – it's about *all* of our owed rights related to intimacy and privacy, and who reaps in the benefits.

If decided as leaked, this decision would make abortion a states rights' issue, leaving states to decide if and how they're going to provide abortion access and care.

ABORTION IS A CONSTITUTIONAL RIGHT BASED ON YOUR RIGHT TO PRIVACY.

In 1973, the United States Supreme Court decided Roe v. Wade, recognizing abortion as a constitutional right under the Due Process Clause of the 14th Amendment. The right to privacy is fundamental under the Due Process Clause, as it protects individuals against state actions that may deprive people of life, liberty or property.

OUR RIGHT TO PRIVACY EXTENDS FAR BEYOND ABORTION.

Although today we fight for our fundamental right to bodily autonomy, Justice Alito's leaked opinion offers a harrowing insight to a future with far more restrictions to our rights and liberties.

Our rights are not gifts – each and every single one of our liberties was hard-earned by organizers and individuals at the center of pain in their fight against white supremacy and patriarchy. Our rights are political.

SO, WHAT OTHER FUNDAMENTAL RIGHTS ARE AT STAKE?

- Protections against forced sterilization: Skinner v. Oklahoma (1942)
- The right to acquire and use birth control: Griswold v. Connecticut (1965)
- Legalization of interracial relationships: Loving v. Virginia (1967)
- Decriminalization of same sex relationships: Lawrence v. Texas (2003)

THERE’S STILL TIME TO FIGHT FOR ALL OF OUR RIGHTS!
WE MUST PROTECT ABORTION, AND UNDERSTAND THAT IT IS THE FLOOR, NOT THE CEILING.
